**Note of thanks**

I wanted to post a note to thank all the volunteers, local business sponsors and staff at the Merritt Golf & Country club that were involved in hosting the Coquihalla Ladies Open golf tournament on July 4-6th. What an awesome event they put together. It's the second year that we've traveled up from the Vancouver area to play in the tourney, and it is a terrific event.

**Rotary spray park**

The City recommends the use of non-slip footwear when utilizing the spray pad at Rotary Park.

In the next little while, the City plans to resurface the spray pad with a non-slip surface made from 100% BC recycled rubber. This project will result in a pad surface that will be much more slip resistant and will provide a bit of a softer surface. The work will take place over a five-day period during which time, the spray pad will not be available. Watch for public notices when this work will be taking place. FMI contact, Larry Plotnikoff, Leisure Services Manager, 378-8618.

**Facebook for Small Businesses**

CF Nicola Valley in partnership with Penny Turko invites all the public to attend a seminar about the use of Facebook for businesses, on Wednesday July 16, 2014, from 12noon-2pm at the Community Room City Hall, 2185 Voght St.

Nowadays almost every business owner is using social media as a tool to promote and grow their business. This seminar will help you understand the transition to social media so you can stay competitive.

The cost for this 2 hour seminar is \$19, for more info, contact Manuel at 378-3923 or [manuel@cfdcnv.com](mailto:manuel@cfdcnv.com), or Penny at 378-9716, [penny@pennyturko.com](mailto:penny@pennyturko.com). Advance registration is required due to limited seating.

**Don't let kids get overheated**

Pediatricians say children, because of their small body size and rapid metabolisms, are more at risk of heat injuries, such as heat stroke, which requires emergency hospital care; heat exhaustion, which needs first aid and careful monitoring; and heat cramps, which are something to be avoided.

Heat stroke is the most serious. Children with heat stroke will be red and dry, not sweating, because they are so dehydrated, and they can struggle to remain conscious.

With the less serious heat exhaustion, a child might complain of feeling too hot or not feeling well and could look pale & sweaty.

Those children should be moved out of the sun into a cool place. They can be sponged down or fanned and given as much cool, not cold, water as they can handle. They should also be watched to make sure their symptoms don't worsen.

Prevention is always best, so make sure kids are well hydrated with frequent drinks of water and are well fed. Playing in the water, swimming in a lake, running through a sprinkler are all great activities for keeping kids cool.

**You think you have family problems?** A few years ago, I met a young widow with a grown-up daughter, and we got married. Later my father married my stepdaughter. That made my stepdaughter my stepmother and my father became my stepson. Also, my wife became mother-in-law of her father-in-law. Then the daughter of my wife, my stepmother, had a son. This boy was my half-brother because he was my father's son, but he was also the son of my wife's daughter, which made him my wife's grandson. That made me the grandfather of my half-brother. This was nothing until my wife and I had a son. Now the half-sister of my son, my stepmother, is also the grandmother. This makes my father the brother-in-law of my child, whose stepsister is my father's wife. I'm my stepmother's brother-in-law, my wife is her own child's aunt, my son is my father's nephew and I'm my own grandfather!

Projects are endless and might include: a study group to generate biographies of the Valley's war dead; concerts by Valley musicians and singers, music hall and church hall; exhibitions by painters that re-imagine the famous battlefield paintings of the First World War, or a memorial quilt.
