Asphalt plants written out of M2

At last week's council meeting to finalize the zoning bylaw re-vamp, City Council voted to remove "processing of asphalt" as a permitted use from the current M2 heavy industrial zoning. The discussion came out of a question posed to the CAO, specifically in regards to the lot on Midday Valley Rd., owned by Peters Bros.

CAO Allan Chabot indicated that realistically, since there had been no commencement of work on the already-zoned M2 lot in the past 6 months, that council could in fact amend the list of uses of the zoning without any expectation of repercussions.

[Ed.: And so ends the automatic situating of asphalt plants in any heavy industrial-zoned area. Congratulations, Council!]

The final step in adopting the new zoning bylaw is to go to a public hearing.

Rotarians work to end polio by 2018

The two local Rotary clubs have contributed to ending polio on a yearly basis and as in past, as well as donating funds to the cause, they will be out on Friday October 24 at 7:50am at the corner of Voght St. & Nicola Ave. with *End Polio Now* signs in order to raise awareness that if immunization and eradication do not continue, this virus could once again become active in our region.

Please honk to show your support! FMI on the Rotary clubs in Merritt (Rotary Club of Merritt — meets Thurs. 12 noon at Brambles Bakery & the Rotary Club of Merritt Sunrise — meets Tues. mornings 7am at Brambles), contact RotaryMerrittSunrise@gmail.com

In March, the WHO declared the South-East Asia region polio-free, leaving only 3 endemic countries left: Pakistan, Nigeria & Afghanistan. Since 1985 Rotarians all over the world have led the battle against polio, and kept the pressure on as worldwide cases plummeted from 350,000 per year to several hundred.

Country Music Hall of Fame goes hi-tech

The Canadian Country Music Hall of Fame is launching a new technology tool for attracting visitors and providing them with immediate, web-based access to info about the Hall of Fame facility, artists and events!

QR code plaques are being installed above existing *Walk of Stars* bronze 'handprints'. These will give visitors a direct tie-in with the Hall of Fame, access to the Hall of Fame's website, by capturing the QR Code with their cell-phone.

The QR Code initiative uses new technology to create cost-effective marketing results — similar to technology used in such world-class interpretive centres as the National Museum of Scotland, the Smithsonian and others, according to Canadian Country Music Heritage Society President, Ron Sanders. There is also great flexibility to link audio and visual with each of the artist profiles at the Hall of Fame, through a similar QR Code approach.

More seniors' texting codes
