Midget lacrosse

The Nicola Valley Thunder Midget team came 2nd in Kelowna's Andy Woods Midget B Div. tournament this past weekend, winning all but two of their games. They played against Langley, Quesnel, Maple Ridge, West Kootenay, and then Prince George in the final round. Top scorers were Fred Ware, Caleb Hartwig and Mack Stead, along with others who played their hearts out.

Community

North American Photo Stories

The Nicola Naturalist Society hosts Kyle Blaney and *North American Photo Stories*. Kyle Blaney is an avid nature photographer from Ontario who has travelled extensively. He is visiting our area while on a photo/camping trip. In this presentation, Kyle shares his favourite photos and nature photography techniques. Wed June 17, 7pm at NVIT lecture theatre. All welcome, membership or donation.

Cisco Rd fire update

Over the next few days, smoke from the south and northeast sides of the Cisco Road Wildfire will be highly visible from Hwy 1, Lytton & surrounding communities. The Wildfire Mgt Branch will be conducting controlled burns to restrict the spread of the wildfire. Burning between established control lines and the fire's perimeter will also help protect properties in the area and create a safer working environment for firefighters. The exact timing of the burns will depend on weather & site conditions. They'll proceed only if weather and fire behaviour conditions are suitable, and the fire will be monitored at all times.

To prepare, firefighters have constructed fire guards to reinforce burn-off boundaries. Water relay has also been established with pumps and hoses and helicopters will be supporting ignition and suppression efforts.

Yesterday the Cisco Road Wildfire was 20% contained with more than 130 personnel dedicated to the fire. There are also 10 helicopters and 5 pieces of heavy equipment supporting ground crews.

Re: Warning for scooter riders

Upon reading last week's story about the dilemma of protecting your scooter battery charger, inventor/tinkerer Merle Boyes called up with an idea. He suggested that with long wires & simple soldering, you could keep the charger inside, passing the wires through a window to the scooter outside. So simple the manufacturers should have thought of it!

If God wanted me to touch my toes, he would've put them on my knees.

The kids text me "plz" which is shorter than "please". I text back "no" which is shorter than "yes".

I'm going to retire and live off of my savings. Not sure what I'll do that second week.

THIS WEEK'S HOROSCOPE

 <p>Aries March 21 - April 19</p> <p>Some people turn to their zodiac forecast for amusement. Others have more pressing needs. So, the week is due to be good and will only get better.</p>	 <p>Taurus April 20 - May 20</p> <p>Do not fear that you will spend the rest of your life wrestling with a difficult issue. Identifying an option will be your first step in the right direction. The rest will happen naturally.</p>	 <p>Gemini May 21 - June 20</p> <p>There is a turnaround, a new way to look at something confusing. If you can go beyond the sense of frustration that has begun to well up in you lately, you will yet find great inspiration.</p>	 <p>Cancer June 21 - July 22</p> <p>This week you are reminded of why you are different and why, therefore, some of the world's usual rules and restrictions don't really apply to you. That's exciting!</p>
 <p>Leo July 23 - Aug 22</p> <p>You are in a position of surprising strength, but you must be careful. Take care not to use a sledgehammer to crack a nut. Your new mantra: 'I am invincible and I can afford to be gentle.'</p>	 <p>Virgo Aug 23 - Sept 22</p> <p>There is an end to the stress you have been feeling. You have been more aware of a threat than some great reward. Soon you will see why it has all been for the good.</p>	 <p>Libra Sept 23 - Oct 22</p> <p>You will recognize many possible causes for concern & hardly know where to begin addressing them. They will pour down thick and fast, but you must trust that this will pass. Stay calm.</p>	 <p>Scorpio Oct. 23 - Nov 21</p> <p>Something has been standing in the way of clear, honest, communication, and it could intensify. Respect it but don't be daunted. Persevere and you will find the way forward.</p>
 <p>Sagittarius Nov 22 - Dec 21</p> <p>An obstruction will be removed from your path. This chance won't last forever but if you are optimistic & adventurous, you will convert it into a reward that stays with you for a very long time.</p>	 <p>Capricorn Dec 22 - Jan 19</p> <p>You have a natural aptitude for solving problems. That may be why the universe keeps putting baffling situations before you. You may not relish the challenge, but you will succeed.</p>	 <p>Aquarius Jan 20 - Feb 18</p> <p>Was there really ever a time when you led an ordinary life? Events, this week, may well put you under pressure but this is nothing that you can't handle and gain from.</p>	 <p>Pisces Feb 19 - Mar 20</p> <p>The harder you try to meet every newly arising need, the more demands are made on you. Stop trying so hard and worrying so much. What you truly need, you will get.</p>
