**NDP orange**

Central Okanagan-Similkameen-Nicola NDP candidate Angelique Wood and local supporters held a fundraiser dinner in honour of longtime NDP supporter Millie Mitchell last evening at the Coldwater banquet room. Angelique is currently running a tight race with incumbent Dan Albas, with August polls showing her a mere 3.4% behind him; and supporters say more recently she's moved ahead of him by 1.5%. Yesterday, CBC's *Poll Tracker* put BC's seat projection at 18 for NDP, 13 for Conservatives & 10 for Liberals.

**TNRD Board passes biosolids bylaw**

I am very happy to report that... the TNRD Board supported and passed (23 of 27 in favour) the Biosolids Bylaw that... will stop the commercial and industrialization of farm land for the express purpose of laundering multiple thousands of tons of biosolids through intensive composting. That composting process by the way, does not address the issue of the release of dangerous toxins left in this material that are then spread into and contaminating our environment.

The Bylaw also creates a specific zone for land in the TNRD for composting activity of this type. At present there is no land zoned for this, so any company wishing to do so would have to apply for rezoning, provide full disclosure, go through a public hearing with notifications and consultation.

Seems to me this is a big step in the right direction and not just a feel good change. ...TNRD is doing all it can within the provincial regulatory framework to control what happens here.

It has been a busy month and next week will be the culmination of a lot of hard work. Please support UBCM Resolution B- 59 in Vancouver and lets drag the management of biosolids in BC out of the dark.

**Deer Hunting** A group of friends who went deer hunting separated into pairs for the day. That night, one hunter returned alone, staggering under an eight-point buck. "Where is Mike?" asked another hunter. "He fainted a couple of miles up the trail," Mike's partner answered. "You left him lying there alone and carried the deer back?" "A tough call," said the hunter. "But I figured no one is going to steal Mike."

**THIS WEEK'S HOROSCOPE**

**Aries** March 21 - April 19

someone is changing their mind. You thought you understood but now you doubt and are becoming confused. But Relax, this is not betrayal, just new view arising.

**Taurus** April 20 - May 20

If you never stop to take a break, how can you gain a sense of perspective? A project benefits from contemplation - like a road map. One smart idea could alter everything.

**Gemini** May 21 - June 20

Reluctant to let yourself evolve & move on? Look more closely at what's happening this week. You may seem to be repeating an old exercise but this time it is due to lead to a better result.

**Cancer** June 21 - July 22

Should you back away from a challenge that seems too vast? Actually, be heartened by an encouraging inclination, even if you can't understand nor explain. All will be well.

**Leo** July 23 - Aug 22

Progress, as many a historian has observed, is often an illusion. Change for the sake of change is rarely good. You can get what you are after if you try this week. But is it worth trying?

**Virgo** Aug 23 - Sept 22

Do you feel secure about your relationship with the material world? From spiritual strength, physical strength inevitably ensues. Believe that all can be well - and it will.

**Libra** Sept 23 - Oct 22

Even if a project is making progress, some aspect of the situation may still be unsatisfactory. Where there is difficulty or delay this week, be glad. It will give rise to discovery & delight.

**Scorpio** Oct. 23 - Nov 21

You may feel as if someone, somewhere, is watching you. But why are some things now so important. Because you can't explain doesn't mean you are wrong! Trust what you feel.

**Sagittarius** Nov 22 - Dec 21

Heaven helps you start clearing up a mess, making sense of confusion, creating a structure that will sustain you and pursuing a plan that will protect you. It will be a very good week.

**Capricorn** Dec 22 - Jan 19

A significant development means you are entering the final phase of a cycle. You have pursued goals & great objectives. Now you make progress towards these at last.

**Aquarius** Jan 20 - Feb 18

Humanity has an apparent inability to be happy, loving and giving. This week, set an example. You will find this is easier and more rewarding than you think!

**Pisces** Feb 19 - Mar 20

Your celestial circumstances are special as are you. Expect success. Regardless of how frustrated you are about a seemingly hopeless situation, the sky is on your side. Trust it.
