## VSA 'Contractor of the Year' for maintenance

At the 13th annual awards on Dec. 4 in Victoria, VSA Highway Maintenance Ltd. won this year's *Deputy Minister's Contractor of the Year Award for highway maintenance*, for its work in the Nicola Area.

"Safety on our roads and highways is a top priority for this government, and the award highlights the innovative, proactive, and service-oriented approach of VSA in the Nicola Service Area," said Transportation and Infrastructure Minister Todd Stone.

VSA won based on their continued focus on building relationships within the local communities including excellent communication with the public and key stakeholders. As well, their innovation in their beet juice production plant and liquid application program is leading the way for road maintenance in BC. VSA used these new blends, increased the quantities applied, and purchased additional new equipment in their proactive approach to anti-icing last winter to deal with the challenges of repeated freeze/thaw cycles, freezing rain and black ice issues. VSA also leads a unique multi-agency response to winter events on the Snowshed Hill section of the Coquihalla, where communication and leadership is critical to storm management. As a result, this location saw "minimal highway closures, expedited highway openings, and efficient queue management in comparison to previous years."

The other finalists in this category were Emcon Services Inc. for the Kootenay-Boundary Service Area and Mainroad Howe Sound Contracting for the Howe Sound Service Area.

The awards are hosted by the BC Road Builders & Heavy Construction Assoc.

## NVWI thanks

The NV Women's Institute members would like to thank all the citizens who donated their Extra Foods slips all year to help with our adopted family project.

We appreciate the Interior Savings Insurance staff for keeping a box for people to drop these off. The gift certificates earned with these receipts, along with 2 very generous cash donations have made a huge difference for this family's Christmas. Thank you & merry Christmas to everyone.

Bev Stanich

## Donations for Thrift Shop theft

On Tuesday afternoon during their annual Christmas jewellery sale, the NV Health Care Aux. Thrift Shop was the victim of a theft — they lost a few hundred dollars. A collection is being made at Lynda's Café to help them recoup some of the funds, that go directly to augmenting our local hospital equipment.

**Office Lunch** People in my office were forgetting about food they'd left in the employee's refrigerator. new policy asked that a name and date be marked on each container. As a reminder, a sign was posted: "Please date your food." Below, someone scribbled: "What? And give up men?"

**The Latest Buzz...** The summer band class I taught was just getting underway when a large insect flew into the room. The sixth-graders, eager to play their shiny new instruments, tried to ignore the buzzing intruder, but eventually one student, Tommy, could stand it no more. He rolled up his music book and swatted the insect and then stomped on it to ensure its fate. "Is it a bee," another student asked. "Nope," Tommy replied. "Bee flat."

Alberta born, Rick graduated from the University of Calgary with a degree in Archaeology. For one year of his undergraduate program he attended the University of Alaska in Fairbanks to specialize in the study of Arctic prehistory. This experience offered him an opportunity to visit and glimpse life in remote rural communities. Rick went on to receive his Master's degree from Simon Fraser University. Early in his archaeology career, Rick saw the value

Photography offered as a tool to study and interpret culture. The camera replicated the trowel in his study of culture. In the late 1970's and early 1980's he was contracted to document the heritage resources found along the proposed Nuxalk-Carrier Grease Trail. One component of this documentation was photography and, to accomplish this, Rick partnered with photographer, Vance Hanna, and for the next decade they photographed people and places throughout the Blackwater and into the Chilcotin regions. Trained in landscape photography, Rick works to create images that document both the people and their relationship to the land. Over the past 35 years, Rick, has travelled BC photographing the province in all its regions and seasons. Rick's work is published in numerous photographic books, journals and magazines. He is a recipient of the Roderick Haig-Brown book award. His books include *The Adams River: Exploring the Mystery of the Adams River Sockeye* (with Mark Hume), *Nemah: The Unconquered Country* (with Terry Glavin), *The Fraser River* (with Alan Haig-Brown) and *Ranchland* (with Diana French). In the *Footsteps of Alexander Mackenzie* (with Carol Blacklaws) is his fifth book. Rick currently lives in White Rock BC, with his wife Carol. The images in this show are representative of his work documenting the distinct rural culture of the Blackwater. GALLERY HOURS are: Thursday, Friday & Saturday, 12 noon to 6pm
