VSA warns about snowplow crashes

Cars crashing into snow plows on the Coquihalla Highway has become such a problem this winter the company providing maintenance on the route has issued a warning.

The latest crash was Thursday night, Dec. 10, when a car rear ended a plow on the stretch of Highway 5 between Merritt and the old toll plaza. Bob Gilowski with VSA Highway Maintenance says this was just another incident in a recent growing list.

Gilowski says there have been four collisions in as many weeks, including an incident three weeks ago which took a vehicle completely out of their fleet.

Not only is it expensive when plows are written off, or taken out of service so the damage can be repaired, it means one less maintenance vehicle on the road and that impacts service levels, he says.

"All of the people using the route suffer," he says.

Flashing lights on a snow plow mean drivers need to proceed with caution.

"All we want is people to arrive safely at their destinations," Gilowski says.

A yellow highway maintenance vehicle working on a highway should be a red flag for drivers. It means driving conditions are so bad the road either needs to be cleared or abrasives like sand or gravel need to be laid, he says.

He advises drivers to stay well back of snow plows and be patient. The driver will pull over and let them pass as soon as it is safe to do so. Source: infonews.ca

Tassimo recycling now uncertain

Travis Fehr at Breathe Bikes has been the local collector of used Tassimo 'T-discs' and plastic packaging, and — along with T-disc recyclers — has prevented over 20,000 discs from going into the landfill, resulting in \$205.05 in donations to the Nicola Valley Food Bank.

However, at the end of December, the program he has been participating in will end. Travis says that after that, the cost will be prohibitive for his small business.

"If anyone has any ideas or suggestions on how to pay (the increased costs), please let me know," said Travis. Contact him at (250) 936-9702, or in his bike shop in the alley behind the Thrift Shop.

The workout The Doctor told me I should start an exercise program. Not wanting to harm this old body, I've devised the following: Beat around the bush • Jump to conclusions • Climb the walls • Drag my heels • Push my luck • Make mountains out of mole hills • Bend over backwards • Jump on the band wagon • Run around in circles • Pull out all the stops • Add fuel to the fire • Open a can of worms • Put my foot in my mouth • Start the ball rolling • Go over the edge • Pick up the pieces.

THIS WEEK'S HOROSCOPE

Aries

March 21 - April 19

a big fuss is being made about next to nothing. Don't be concerned about something else instead — more like: you will be safe to relax about almost everything.

Taurus

April 20 - May 20

If there is to be an element of the unexpected, better it be contained within safe limits. Fear not, the drama that unfolds in your life this week, will yet turn out to fit that bill.

Gemini

May 21 - June 20

A straightforward situation turns out to have a confusing aspect. You'll learn something about how you may have been accidentally deceiving yourself. You benefit from knowing.

Cancer

June 21 - July 22

You seem like a Christmas angel. That is, you are setting a wonderful example to the rest of the human race. All this week's good deeds will be rewarded eventually.

Leo

July 23 - Aug 22

Lately, in the process of restoring your faith in yourself, you have found several other wonderful things which are about to be of great value to you.

Virgo

Aug 23 - Sept 22

Don't underestimate the power of belief this week. If you place sincere faith in a worthy objective, you may yet help cause an amazing thing to occur.

Libra

Sept 23 - Oct 22

This week is exciting, exhilarating and potentially, highly rewarding. There is not much room in your life now for anything other than successfully pursuing an urgent mission.

Scorpio

Oct. 23 - Nov 21

There is more to a proposition than is being acknowledged or explained. You must trust your own inner radar. Go discreetly where this leads you and learn what needs to be understood.

Sagittarius

Nov 22 - Dec 21

If the recent New Moon in your sign has not yet set everything straight, just give it all a little more time. Don't lose faith, believe in yourself. Soon you will see why you have all to play for.

Capricorn

Dec 22 - Jan 19

This week, you are being set a challenge only a saint could hope to rise to. How fortunate then, that you may just be one

Aquarius

Jan 20 - Feb 18

A part of you suspects there is little worth celebrating on your own horizon. This week may not be entirely easy but it will end with a genuine reason to celebrate.

Pisces

Feb 19 - Mar 20

Perhaps if we rush, struggle & worry, we can get to the future faster. Take it easy this week, and all that currently seems difficult will start to become easier — although in its own time.
