# Nooaitch assesses its water

The Nooaitch Band is upgrading its main water system, and in response to members' concerns — vis-a-vis the biosolids composting facility owned & operated by Timbro, just upstream from the reserve — Nooaitch has hired environmental consultants at Golder Associates to perform a human health risk assessment, and determine if there are organisms in the biosolids that could cause disease in humans if they seeped into the water and how likely that might be. A community/ band member meeting will be held on Wed., May 4, 5-8pm at the Band Hall. FMI contact the Band office at 378-6141.

If suitable housing could be found, Merritt would be considered to host a government-sponsored refugee family. Looking to a 3-bedroom house within city limits, reasonable rent. If the housing can come together, organizers would then be looking for donations of furniture, household items, etc. If you can help out with housing, contact Becky (250)525-0035.
