### May is Hospice Palliative Care month

Merritt Hospice is all about supporting those who are facing a life-threatening illness and their families, as well as supporting those who are grieving.

One of the aspects of end-of-life support begins long before the final journey: Advance Care Planning, which involves thinking about your values & wishes and letting others know your future health and personal care preferences. In the event that you become incapable of consenting or refusing treatment your designated person will know what to do.

Advance Care Planning is for everyone regardless of age or state of health. It involves 5 steps: 1) thinking about your values, wishes & beliefs; 2) learning about different medical procedures & what they can and can't do; 3) deciding who will be your substitute decision-maker; 4) talking about your wishes with your loved ones & your doctor; 5) recording (writing down) your wishes.

During Hospice-Palliative Care month, visit the Merritt & District Hospice Society's display table at the Merritt Library and pick up literature on advance care planning. Join Merritt Hospice volunteers on May 3, 17 & 31, 10am-noon at the Library for coffee and goodies to start a conversation about hospice, supportive care & advance care planning. FMI call 280-4040.

### Are You Wiping Off My Kiss?

A grandma lovingly gives her granddaughter a kiss on the cheek upon seeing her at a family get-together. Afterwards, she noticed the little girl wiping her cheek. "Are you wiping off my kiss?" she asked. "No", she smartly replied, somewhat embarrassed but quick on her feet, "I'm just rubbing it in!"

### A Penguin Outing

Two men are in a truck driving around with a penguin. Noticing the penguin, a traffic cop stops the truck driver and tells him to take this animal to a zoo right away. The next day, the same cop sees the same two men in the same truck with the same penguin again. He stops them and says, "Didn't I tell you guys to take this animal to a zoo yesterday?" The driver replies, "We did officer! We are taking him to the movies today."

## THIS WEEK'S HOROSCOPE

### Aries

March 21 - April 19

When yesterday's emotional experiences somehow colour today's, it can be especially hard to think or see clearly. Yet now, you can move on. And you should.

### Taurus

April 20 - May 20

We sometimes avoid topics we know will upset our loved ones. It may be time to hold a deeply honest and rewarding, if slightly difficult, conversation.

### Gemini

May 21 - June 20

This week, even a small effort to empathise with a feeling only someone else can actually have will do much to improve an important bond.

### Cancer

June 21 - July 22

What can you do to make someone happy? What can they do for you? There's now a chance to discuss such issues and then to resolve them!

### Leo

July 23 - Aug 22

Are we dismissive of people who love us because we can't see why they love us? It is important now, to love yourself... and then to show due gratitude to those who do love you!

### Virgo

Aug 23 - Sept 22

It takes courage to be trusting and open but the reward is a happy & durable emotional connection. As pressures increase now, these are points worth remembering.

### Libra

Sept 23 - Oct 22

It may be that success in resolving an emotionally tense issue now simply involves understanding what's really going on in the back of someone's mind. Expect precious insights soon.

### Scorpio

Oct. 23 - Nov 21

It's odd to experience happiness then desperation with regard to someone. It may be a sign of the end, but it can also be a new beginning! That latter will be more accurate now.

### Sagittarius

Nov 22 - Dec 21

What you want is happiness. Focus on the positive. Refuse to succumb to even a thought of the negative. Then just watch how things lighten up soon.

### Capricorn

Dec 22 - Jan 19

Encourage each other to transcend limitations rather than support entrenched positions. Be aware that what's good for you (and good for someone else) may be a challenge.

### Aquarius

Jan 20 - Feb 18

To have depth & meaning, love must have contrast, complexity & unpredictability. Be open to the idea that difficult isn't automatically, necessarily 'wrong'. It may even be ideal!

### Pisces

Feb 19 - Mar 20

Crucial conversations are rare between those who would gain so much for opening up. The possibility of such an exchange arises soon. Don't doubt yourself, trust. Trust someone else, too!
