Parks/Trails, Rec & Culture Master Plan

The City of Merritt is inviting and encouraging all interested citizens to attend the 2nd round of Public Open Houses for the Parks/Trails, Recreation and Culture Master Plan at the Merritt Civic Ctre, on Wednesday, May 18, 2:30-4:30pm, or later that same day, 6:30-8:30pm.

The consultants, LEES+Associates, will present the recommendations & priorities developed following the first round of public consultation. They'll be looking for feedback & comments as to what the community wants to see for current and future development of parks/trails, recreation and cultural services and facilities. FMI contact Brad Gilbert, new Director of Leisure Services & Facilities at 378-4224 or 378-8618.

TNRD bio-control program

The Thompson-Nicola Regional District is partnering with Agrowest Consulting to continue to offer its free Bio-Control Program, which helps private landowners control weeds.

For more than 20 years, TNRD has been releasing bio-control insects for knapweed, hound's-tongue, dalmatian toadflax, leafy spurge, and Canada thistle on private land. The bio-control insects are "host specific" and will not attack native vegetation or even other weedy species. The insects target different parts of an invasive plant — mining the roots, mining the stems, eating the seeds, or defoliating the leaves. Bio-control is a long-term commitment and therefore ideal release sites are large infestations of a single species on uncropped (range) land.

Agrowest Consulting's Dr. Catherine Tarasoff consults with private landowners regarding site suitability. To receive insects, contact TNRD at (250)377-8673. Also check tnrd.ca for info about other programs to help property owners fight invasive plants.

Canada in a Day

CTV announced Monday that it has commissioned a 2-hour event broadcast of crowd-sourced photography from Vancouver-based Screen Siren Pictures, to premiere in 2017 in celebration of Canada's 150th anniversary. Based on the highly successful *Life in a Day* series of films, *Canada In A Day* will allow viewers to experience a day in the life of Canada, comprised entirely of footage shot by Canadians across the nation on a single day later this year.

Participating Canadians will be asked to shoot and submit video in any language that captures a moment in their life, on that day — TBA. From these stories, viewers will learn what it means to be Canadian via a video snapshot of who we are as a nation.

The filming date, as well as details on how to submit footage, will be announced in the coming months. FMI follow [Facebook.com/CTV](https://www.facebook.com/CTV) or @CanadaInADay on Twitter

To the Right or to the Left? "I'd like two pork chops," asked the woman to her butcher, "and make them lean." "Yes ma'am," said the polite butcher, standing then on end. "Which way?"

Silent Treatment Backfire A wife once gave her husband the silent treatment for an entire week. She didn't say anything, she just put it into practice. She was hoping it would make him be more attentive to her and to their marriage. At the end of the week she decided to bring up subject. "You notice anything different about us this past week?" Without missing a beat, and without having a clue either, he replied. "Yeah, we're getting along pretty great lately!"
