Pot in the flower pots at Granite & Garcia. These ‘volunteers’ didn’t last long after this photo was taken Sunday evening. Monday morning, only little divets where the roots were pulled up...

Update: Refugee sponsorship

Local Rotarians and others who have joined them in efforts to sponsor a refugee family report that they have now been matched with a family, through the Family Links Initiative.

The Merritt group will be sponsoring a couple with two young children, a one year old and baby who is a few months old. They are currently residing in a refugee camp in Jordan, but have close relatives in West Kelowna.

The family is currently working on their application to Citizenship & Immigration Canada, and realistically the earliest they would arrive is January 2017, although it is more likely to be April or May or later.

The Merritt sponsoring group is also working on their side of application. They will be continuing with fundraising projects in the early fall, and intend to hold another information night, when they will show films about refugees in Syria. In the meantime if people wish to donate their bottle returns to raise funds to support the family, they can do so by mentioning Rotary at the recycling depot. They are also looking for donations of furniture. FMI or to help out, please contact Jacqueline (250)936-8585.

Tsilhqot’in War Chief, Chief Ahan

On July 18, 1865, Chief Ahan was the last of six war Chiefs hanged during the Chilcotin War of 1864-65. On October 23, 2014, in the BC Legislature Premier Christy Clark fully exonerated the six war Chiefs of any wrongdoing and recognized the Chiefs as war heroes, protecting their lands and their people.

The Tsilhqot’in National Government (TNG) remains concerned over the development of the New Westminster Secondary School, a site known to have remains of Tsilhqot’in War Chief, Chief Ahan. Monday, 151 years after the wrongful trial and hanging of Chief Ahan, a Tsilhqot’in spiritual ceremony was held at the New Westminster School to memorialize his life and legacy as well as protect his burial site.

New Westminster Secondary School was built on the burial grounds of many First Nations, along with others. School District No. 40 now has plans to build a new school and convert the current New Westminster School grounds to a memorial site. Through this process, the TNG is requesting archaeological and historical records be consulted, along with engaging fully with the Nation.

Mars On the way to spend the weekend with us, our grandchildren noticed a bright star in the sky. Our daughter, Nancy, told them that it was Mars, which was at its closest and brightest in many thousands of years. She went on to provide a simplified explanation of the solar system suitable for her young listeners in the back seat. Nancy ended her explanation with, "We live on a planet called Earth." After a long pause, my four-year-old grandson asked, "What planet does Grandpa live on?"

Waiting For Years We had built our dream house some years ago, and furnished it with quality pieces as we could afford them. Now the delivery truck carrying the last purchase, a new bedroom suite, was pulling into the driveway. "Finally!" I exclaimed, flinging open the front door as the driver walked up to the house. "I've been waiting twelve years for this!" "Don't blame me, lady," he said. "I just got the order this morning."

THE GLOBAL GOALS

For Sustainable Development

13 CLIMATE ACTION

"This is not a partisan debate; it is a human one. Clean air & water, and a liveable climate are inalienable human rights. And solving this crisis is not a question of politics. It is our moral obligation."

—Leonardo DiCaprio

Take urgent action to combat climate change & its impacts

TARGETS • Strengthen resilience & adaptive capacity to climate-related hazards & natural disasters in all countries

- Integrate climate change measures into national policies, strategies and planning
- Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning
- Implement the commitment undertaken by developed-country parties to the United Nations Framework Convention on Climate Change to a goal of mobilizing jointly \$100 billion annually by 2020 from all sources to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation and fully operationalize the Green Climate Fund through its capitalization as soon as possible
- Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries and small island developing States, including focusing on women, youth and local and marginalized communities

18th September 2016
In September 2015 World Leaders committed to the Global Goals for Sustainable Development. 17 goals to achieve 3 extraordinary things in the next 15 years. **End extreme poverty. Fight inequality and injustice. Fix climate change.** To realise these Goals everyone, however young they are, needs to take part. So join our movement, teach young people about the Goals and encourage them to become the generation that changed the world. worldslargestlesson.globalgoals.org/
