August 9 - Int'l Day of the World's Indigenous Peoples

This year's United Nations' *International Day of the World's Indigenous Peoples* is devoted to the right to education.

The right of indigenous peoples to education is protected by the UN Declaration on the Rights of Indigenous Peoples, Article 14 which states that "Indigenous peoples have the right to establish and control their educational systems and institutions providing education in their own languages, in a manner appropriate to their cultural methods of teaching and learning."

Goal 4 of the 2030 Agenda for Sustainable Development calls for ensuring equal access to all levels of education and vocational training for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations.

The Honey Do List

My wife keeps reminding me about some things that need repair around the house. You'd think that after 6 months she'd know I have the list memorized.

I'm Right and You're Wrong

The other day, Nancy and I got into an argument. As is our nature, neither of us would admit the possibility that we might be in error. To her credit, Nancy finally said, "Look. I'll tell you what. I'll admit I'm wrong if you admit I was right." "Fine." I said. She took a deep breath, looked me in the eye and said, "I'm wrong." I grinned and replied, "You're right."

THIS WEEK'S HOROSCOPE

 <h2>Aries</h2> <p>March 21 - April 19</p> <p>There's a sense that your heart and mind can work as one, and that what drives you can produce the reward you long for — in both the material and spiritual sense.</p>	 <h2>Taurus</h2> <p>April 20 - May 20</p> <p>This week, inspiration can rain down like a monsoon. You'll have the power to envision a better future for yourself, and the energy to put it into action.</p>	 <h2>Gemini</h2> <p>May 21 - June 20</p> <p>Someone will try to talk you into an idea that won't bring you much benefit. To not go along with this, muster as much objectivity as you can. Then talk them round to your point of view!</p>	 <h2>Cancer</h2> <p>June 21 - July 22</p> <p>You've been moving in circles, like your boat is missing an oar. But the discovery of an outboard motor in your boat will truly enhance your progress. Be prepared to make a splash.</p>
 <h2>Leo</h2> <p>July 23 - Aug 22</p> <p>You'll find out that you have less to worry about than you think. Try a wise sense of perspective on an irritating or aggravating matter. This is a week for agreement, not argument.</p>	 <h2>Virgo</h2> <p>Aug 23 - Sept 22</p> <p>Think fast. There'll be issues to address, problems to solve and changes to oversee. Fortunately, you have the resources to deal with all that comes your way.</p>	 <h2>Libra</h2> <p>Sept 23 - Oct 22</p> <p>You'll find a way to get the results you want, that doesn't feel selfish & allows you to maintain harmony. You can find spiritual & material rewards. Take advantage of your fortune.</p>	 <h2>Scorpio</h2> <p>Oct. 23 - Nov 21</p> <p>A tide can turn in your life. A nadir has been reached. From this point onwards, as you will see this week, the only way is up.</p>
 <h2>Sagittarius</h2> <p>Nov 22 - Dec 21</p> <p>You've felt grounded, lost your wings. This week, instead of feeling punished for your independent spirit, you can begin to feel appreciated and even rewarded.</p>	 <h2>Capricorn</h2> <p>Dec 22 - Jan 19</p> <p>You feel you can do a lot to defuse a tense situation - will you live to regret it? No, but you may well regret doing nothing when you had an opportunity to make a difference.</p>	 <h2>Aquarius</h2> <p>Jan 20 - Feb 18</p> <p>You are due some flashes of inspiration. Mysteries will be solved & you'll make progress. Be your natural, electrifying self, and you can give your problems a positive charge.</p>	 <h2>Pisces</h2> <p>Feb 19 - Mar 20</p> <p>This week, a difficult situation is due to become less troubling. It may not happen overnight, but a key insight will emerge that reveals a long sought-after solution.</p>

THE GLOBAL GOALS

For Sustainable Development

If we all fight for them, our leaders will make them happen. So we need you to help us to make them famous. Share the goals in conversation, on email, in debate, on products, at home, at work, at school – do whatever it takes to make the Global Goals a reality.

WORLD'S LARGEST LESSON

18th September 2016

In September 2015 World Leaders committed to the Global Goals for Sustainable Development. 17 goals to achieve 3 extraordinary things in the next 15 years.

End extreme poverty. Fight inequality and injustice. Fix climate change. To realise these Goals everyone, however young they are, needs to take part. So join our movement, teach young people about the Goals and encourage them to become the generation that changed the world.
