Nicola Mining Inc. strikes copper

Nicola Mining's stock was up last week with the announcement that recent test drilling has found 'significant mineralization' in 3 distinct zones on the Thule Copper Property — Embayment, Titan Queen, and Eric — located approx. 1 km northwest of Craigmont Mine.

The results show the westward continuation of the skarn zone that hosts the Craigmont deposit. Follow-up tests also showed mineralization features associated with porphyry-style copper deposits, including the Highland Valley porphyry complex located 50 km north of Thule Property.

Nicola Mining CEO Peter Espig said, "We are extremely encouraged with the results: 1.11% copper over 85.92 metres, including 13.83 metres grading 2.71% copper, highlight the high-grade mineralization of the property."

LNIB's solar panels reported far & wide

Newspapers across the country are reporting that the Lower Nicola Indian Band "has installed BC's largest community-owned solar panel system": 330 panels of photovoltaic solar panels to generate up to 85.8 kilowatts of electricity.

"Chief Aaron Sam said the system, launched Friday, is designed to help power the community's school and feed electricity back into the local grid.

Sam said the community and council were pleased to make the long-term investment after discussing renewable-energy options for several years. He expects the system to generate returns for the community in the forms of energy-cost savings, education for youth, a scholarship fund and community pride for years to come."

Quinoa, plums, lemon

1-1/2 cups quinoa
3 cups chicken broth
Zest of 1 small lemon
3 teaspoons fresh lemon juice
6 Italian prune plums, pitted and diced (plus 2 more if you want to add them uncooked before serving)

Rinse quinoa under cold water & drain well. Place in pot with chicken broth & plums. Bring to simmer, cover & cook until all of the liquid has been absorbed, 10-15 mins. Remove from heat & add lemon zest and juice. Serve hot or at room temperature. Makes 6 servings.

It's Bean Soup When the waitress in a New York City restaurant brought him the soup of the day, the Englishman was a bit dismayed. "Good heavens," he said, "what is this?" "It's bean soup," she replied. "I don't care what it's been," he replied. "I want to know what it is now?"

THIS WEEK'S HOROSCOPE

Aries

March 21 - April 19

Be grateful for what is wrong. Just imagine the delight you will experience when the way forward finally presents itself in an undeniably obvious, and encouraging fashion.

Taurus

April 20 - May 20

Differences between friends cause tension from time to time. Remember, this weekend, that you share something far deeper than that which seeks to divide you.

Gemini

May 21 - June 20

You are not quite sure how to respond to a challenge. But absolutely avoid using a sledgehammer to crack a nut. Relax and allow things to happen naturally.

Cancer

June 21 - July 22

To be successful you need strength, drive & spirit. You have to venture out of your comfort zone, and take a risk. And this is exactly where a bit of 'attitude' may help.

Leo

July 23 - Aug 22

We can't keep repeating mistakes. This week invite you to ask, 'What do I keep doing wrong?' Find out and you can finally fix it.

Virgo

Aug 23 - Sept 22

This week, you'll finally be able to convince someone of the merits of your plans. But it may take more than words to outline your vision.

Libra

Sept 23 - Oct 22

Someone invites you to leave behind much of what you know makes you safe & secure. An invitation to step into a bold new future. It feels exciting, appealing & terrifying all at the same time.

Scorpio

Oct. 23 - Nov 21

You've had more than your share of worry. Don't let old wounds or imagined concerns hold you back. Just let go of your fears & move out of the jungle into a more friendly place.

Sagittarius

Nov 22 - Dec 21

If you don't want to waste valuable time feeding unnecessary anxiety, just stop. Pay heed to a problem by all means, but don't worry.

Capricorn

Dec 22 - Jan 19

Bring seriousness to an area of your life where frivolity dwelt. Be artistic & imaginative now, but, if you want to see a real difference, be sure there's substance to your vision.

Aquarius

Jan 20 - Feb 18

This week, you'll have real proof that you have earned real respect and inspired admiration, despite taking an uncompromising stance. Your journey has been worth it.

Pisces

Feb 19 - Mar 20

This week you can emerge feeling victorious, but it could be your own fears you must conquer. You're being asked to clarify your vision and ground your ideas in reality.

WORLD'S LARGEST LESSON

18th September 2016

In September 2015 World Leaders committed to the Global Goals for Sustainable Development. 17 goals to achieve 3 extraordinary things in the next 15 years.

End extreme poverty. Fight inequality and injustice. Fix climate change. To realise these Goals everyone, however young they are, needs to take part. So join our movement, teach young people about the Goals and encourage them to become the generation that changed the world.
