## Energy efficiency for low income customers

Today, from 10am-2pm, BC Hydro representatives will be at the Merritt Food Bank to distribute free energy saving kits that will help eligible households manage their electricity use this winter.

Customers must bring their most recent BC Hydro bill to help with the application process. Each kit — supplied by BC Hydro, in partnership with FortisBC — includes simple, easy-to-install products such as LED bulbs, weather stripping products, high performance showerheads and water-saving aerators. These products can help eligible customers save more than \$80 in electricity costs each year.

Since the program launched in 2008, more than 300 customers in Merritt have received an energy saving kit. Energy consumption can increase, on average, by 88%, in the colder, darker, winter months. For eligibility requirements or to apply to receive a free kit online, visit [bchydro.com/esk](http://bchydro.com/esk)

## NDP nominee race

After several weeks of rumours, Lower Nicola Indian Band Chief Aaron Sam officially announced on Monday his intention to seek the nomination as the NDP candidate, against Harry Lali, in next Spring's provincial election.

"I have been, as Chief of the Lower Nicola Indian Band, deeply engaged with the Province, resource industries, and the Federal government, as well as tackling environmental issues impacting our communities. I understand the concerns and issues facing citizens in our rural area and I am ready to expand my leadership role for all the people of Fraser-Nicola.

"Today I dedicate myself to addressing how we can build strong, healthy, vibrant communities throughout Nicola- Fraser. Engaging further with all of the communities in Fraser-Nicola is a priority and with their support we will speak with a clear voice and be heard and involved in the decisions that affect our lives."

**Making a stink**  
 The Friends of the Nicola Valley has come out straight away in support of Chief Sam. They are working with other groups across BC to make biosolids a major issue in the upcoming 2017 provincial election. There is a growing coalition of like-minded groups and First Nations across the province who will support politicians who will support cleaner, modern biosolids disposal methods.

The riding's main population is in the Nicola Valley, but includes Hope, Boston Bar, Ashcroft. Hope's renewed inclusion in Fraser-Nicola is thought to increase the NDP's chances. A date has not yet been scheduled for the nomination meeting, but is expected to be in the New Year.

## The Smuggler

Juan comes up to the Mexican border on his bicycle. He's got 2 large bags over his shoulders. The guard stops him & says, "What's in the bags?" "Sand," answered Juan. The guard says, "We'll just see about that. Get off the bike." The guard detains Juan overnight and has the sand analyzed, only to discover that there is nothing but pure sand in the bags. He releases Juan and lets him cross the border. A week later, the same thing happens. The guard asks, "What's in the bags?" "Sand," says Juan. The guard does his thorough examination and discovers that the bags contain nothing but sand. He gives the sand back to Juan, and Juan crosses the border on his bicycle. This sequence of events is repeated every week for 3 years. Finally, Juan doesn't show up one day and the guard meets him in a Cantina in Mexico. "Hey Buddy," says the guard, "I know you are smuggling something. It's driving me crazy. It's all I think about...Just between you and me, what are you smuggling?" Juan sips his beer and says, "Bicycles."
