**MERRITT: "Tolko Shuts Down Mill
- 250 JOBS GONE!"**

QUESTION:

Where was Jackie?

ANSWER:

Missing...AGAIN?

. An MLA's role is to *stand up for local workers and protect* their jobs, *NOT* to ship them to Kamloops & Kelowna.

. Fraser-Nicola needs an MLA who *cares about local workers* and will *fight to protect our jobs*.

Coquihalla summit

Late winter snowfall warning

Late yesterday afternoon, Environment Canada issued a snowfall warning for the Coquihalla Hwy, Hope to Merritt. They were forecasting total amounts of 15 to 25cm of snow to fall, thanks to a Pacific frontal system. Over the summit of Coquihalla Highway, total snowfall amounts up to 25cm were expected by early Wednesday evening, while other southern passes were to receive 10 to 15 cm of snow. The snow is expected to continue Wednesday night into Thursday as another frontal system moves in from the west.

Poll on cost of post-secondary education

"Higher tuition translates into students taking on more debt, and that makes it harder for many people in Merritt, Hope, Lillooet and Ashcroft and other towns in this riding to access the programs they need to succeed," says Sharon McIvor, President of the Nicola Valley Institute of Technology's Employees' Association. "BC students and their families are facing massive debt and are paying the highest tuition fees in history. When it comes time to begin their careers, students are saddled with what will be decades of debt to repay."

79% of people in Fraser-Nicola agree the Province needs to take immediate action to reduce the cost of post-secondary education (PSE), and 81% say the Province needs to invest more in PSE, according to a new poll by Strategic Research, sponsored by the Federation of Post-Secondary Educators of BC.

Measures to lower the cost of post-secondary could include cancelling interest on student loans, expanding grants to students from middle- and lower-income families, and lowering tuition.

The Federation of Post-Secondary Educators of BC calculates tuition revenues are \$1.2 billion more today than in 2002, an increase of nearly 370%, while the BC government has cut funding by 20% after inflation in the same period.

Strategic Research (www.stratresearch.ca) conducted an automated phone survey to landline and cellular phones of 469 adults in the Fraser-Nicola riding between February 1-4, 2017. The sample is statistically weighted to match the gender and age composition of the region as per most recent Census data. The margin of error for a sample of this size is +/- 4.49%, 19 times out of 20.

The flavour of summer

In the middle of the night, in the middle of this old-fashion frigid Nicola Valley winter, I reached for the only remotely-possible thing available in the house to soothe a constant, nagging cough & sore throat... a spoonful of Warex du Bees honey. In that moment, in the semi-dark kitchen with the taps dripping to stave off freezing pipes in the -18°C night, the warm breeze & brilliant sunshine of late August flashed across my tastebuds, with a hint of chives & clover, maybe even lilacs! This moment made me a believer in the taste of 'local', and the importance of the dedicated people in this valley who produce our local food — not just for food security, but also for the taste of place! — KL

Inflation is like the sun. It rises every day.

Fisherman's Tale One fisherman to another, "You should've seen what happened yesterday at the lake." "What happened?" "I caught a twenty-three pound salmon!" "Were there any witnesses?" "Yes, of course! If there wasn't, it would've been thirty-three pounds."

How do you comfort a grammar buff? There, their, they're.

A dog with only 3 legs walks into a saloon in the Old West He slides up to the bar and announces: "I'm looking for the man who shot my paw."

Community

Canada 150 celebrations mtg

Everyone is welcome to attend the next Canada 150 meeting, Civic Centre today, March 1, 1pm.

Stephen Palmer country roots concert
