## New stars

It's been several years since anything's been done on the Walk of Stars. But last week, the project got a boost with the addition of 2 local country music performers — Gary Cooper & Joe Lonsdale.

Millie McClatchy of Moab, Utah, Gary & Joe's biggest fan, sponsored the 2 stars and last week they were installed on the Garcia St. side of the Adelphi Hotel.

Joe signed his star in 2005, while Gary's wasn't produced until last year. But they've been the enduring face of country music in this so-called Country Music Capital of Canada, since 2004 when Gary & his wife Darlene moved to Merritt. In 2008, he was inducted into the BCCMA Hall of Fame.

Gary & Joe play each Friday & Saturday afternoon & evening at the Adelphi.

## Be 'Bear Aware'

This is the time of year that bear sightings increase as they prepare for dormancy. Every year, bear-human conflict occurs in town, in some cases results in their destruction. Please do your part and manage your bear attractants:

- Garbage is the #1 attractant for bears and can attract them away from their normal habitat.
- Other attractants: any & all food wastes, offal, & accumulations of discarded fruit.
- Bears are most active at night so garbage cannot be placed curbside the night before the scheduled pick-up day.
- Solid Waste Bylaw requires that garbage cans must be placed curbside after 5am, the morning of collection.

## Elephant Hill update

As of yesterday, the Elephant Hill wildfire, discovered July 6, has grown to an estimated 149,914 hectares. It remains 'active' near Clinton-Chasm-70 Mile.

On the weekend, significant winds from the south and heavy smoke limited the use of air resources, and the fire spread north towards the south shore of Green Lake. However, it did receive some rain.

Effective at 1:30pm last Friday, all Crown land in the Cariboo Fire Ctr was closed to public access due to the continued extreme fire danger and the number of active wildfires throughout the region.

Over 700 personnel including night shifts are working this fire.

**New dad** A man speaks frantically into the phone, "My wife is pregnant, and her contractions are only two minutes apart!" "Is this her first child?" the doctor queries. "No, you idiot!" the man shouts. "This is her husband!"

**Great Mexican Magician** There was once a great Mexican Magician. He was world-renowned for his incredible feats. His most famous act, though, was his vanishing act. He would count; uno dos and suddenly he would disappear without a trace.

## THIS WEEK'S HOROSCOPE

### Aries

March 21 - April 19

And decisions made in the heat of the moment can have long-lasting consequences. The choice you need to make concerns 2 options. Will you take the risk or will you take your time?

### Leo

July 23 - Aug 22

You have grand plans for your future, but can't see how to bring them to fruition. The more effort you expend, the more disappointed you become. Just persevere a little longer...

### Sagittarius

Nov 22 - Dec 21

If you feel you're being forced down a path, you dig your heels in. This week, you have a wonderful chance to escape such a pressurised position.

### Taurus

April 20 - May 20

Though you're not enamoured by the scenario you're in right now, it's actually perfect, exactly what you need. You'll soon see the perfection of the situation you face.

### Virgo

Aug 23 - Sept 22

Mercury's influence remains strong. It's not mistakes you need fear now, rather, revelations that you can look forward to.

### Capricorn

Dec 22 - Jan 19

However attractive just relaxing and letting the world go by sounds, it's not what you need to do this week. The encouraging cosmos urges you to be emphatic if you want success.

### Gemini

May 21 - June 20

The position of your ruling planet makes it apt for you to concentrate on lunar themes. Examine your roots & take care of your emotional base. Everything else will fall into place.

### Libra

Sept 23 - Oct 22

You feel restless. There's a place between the extremes you're contemplating. The potential to make the ideal move is greater if you carry on a while longer, on your familiar path.

### Aquarius

Jan 20 - Feb 18

We all want freedom, but not necessarily the same sort. Even freedom of choice has limitations. How fortunate the freedom that you're about to enjoy will be the right kind.

### Cancer

June 21 - July 22

You'll regain a spring in your step & lightness in your heart. Then, you'll find that hiking through the difficult terrain has brought you to the threshold of something excitingly different.

### Scorpio

Oct. 23 - Nov 21

Others are not the only ones able to bend the world to their will. You too, when the time's right, may command power. See what you can do this week.

### Pisces

Feb 19 - Mar 20

Though you're feeling as if the hand you're holding has been badly dealt, there's a card you've overlooked. Actually, you have more than you need to make a winning move.
