## Roger Howard Ball

Mr. Roger Howard Ball passed away peacefully in Kamloops B.C. on August 22, 2017 at the age of 82.

He is survived by Bernice, his wife of 56 years; daughters Roseanne and April, foster son Todd (Cathy); grand-daughter Miranda, grandsons Michael, AJ, Ben, and Donovan, and two great-grandchildren due in January; brothers Don and Gerry; nephews and nieces as well as many friends and relatives. He is predeceased by his parents Victor and Elma, nephew David, grandson Joshua and daughter Karen.

No formal service by request.

## Extreme watering restrictions

With the new Drought Level 4 for the Coldwater River, the City is further restricting sprinklering. Watering will be permitted: even addresses Monday only; odd addresses Saturday only, 6-8am & 7-10pm, automatic sprinklers: midnight-4am. Watering is not permitted on Tuesday, Wednesday, Thursday, Friday & Sunday (no exemptions). These restrictions are in effect until September 30.

The Ministry of Forests, Lands and Natural Resource Operations has asked that the residents also take additional steps to conserve water: No washing of exterior buildings, windows, parking lots, driveways or sidewalks. No filling swimming pools, hot tubs or garden ponds and no washing of a vehicle unless it is done in a commercial car wash.

## Changes to parking at NV Hospital

There will be temporary changes to access & parking at NV Hospital and Health Ctr due to its Emergency Department expansion and renovation project, beginning August 30 and continuing until completion of the project in fall 2018.

There will be no parking in the area across from the existing Emergency Department, and no through access for pedestrians or vehicles. People wanting to access the facility may still enter from either Voght or Grimm. A new temporary Emergency Department entrance is being created next to the current entrance on the north side of the hospital.

**More or Less Guilty** A defendant isn't happy with how things are going in court, so he gives the judge a hard time. Judge: "Where do you work?" Defendant: "Here and there." Judge: "What do you do for a living?" Defendant: "This and that." Judge: "Take him away." Defendant: "Wait! When will I get out?" Judge: "Sooner or later."

## Drought Level 4 on the Coldwater River

The Province has set the Coldwater watershed at Drought Level 4 because conditions are extremely dry & flows have dropped to critical flow thresholds for fish populations, including juvenile steelhead, coho & chinook salmon, which are currently in the river system. With continued warm, dry weather in the forecast, river flows are expected to continue to drop, even below the current 0.440 cm or 440l/s. The forecast is for the river level to drop below rearing fish critical flows within the next 2 weeks, possibly as soon as next week.

Water conservation is currently 'voluntary', however Level 4 drought rating means that regional water managers may take additional regulatory actions if they are deemed necessary.
