Prov'l grants in lieu of property taxes

Merritt received \$31,086.28 last month, when the B.C. government distributed over \$16 million to 54 communities in lieu of municipal property taxes.

Grants-in-lieu of property taxes reimburse B.C. municipalities for the services they provide to the public and their support of public infrastructure, such as parks, municipally run sewers, roads and fire protection.

Schools and hospitals are exempt from paying municipal property taxes and are not part of the grants-in-lieu calculation. Also excluded from compensation under the Municipal Aid Act are provincial assets including highways, forests, and parks or land under the control, management or administration of a Crown corporation.

Christmas Bird Count

On Saturday Dec 16, local naturalists will participate in one of the biggest and longest-running wildlife surveys in the world. The annual Christmas Bird Count has been running for 118 years across North America - and since 1995 in Merritt.

Organized by the Audubon Society and Bird Studies Canada, the Christmas Bird Count is now the largest and longest-running wildlife database in the world. Every Christmas season counts take place in over 2,000 count circles across North America and in other parts of the world. Each Christmas over 10,000 Canadians participate in almost 500 counts and tally over 3 million birds including more than 300 species. The data collected in these counts has proved extremely valuable in tracking changes in the distribution and abundance of bird populations. For example, many studies using Christmas Bird Count data show the effects of climate change on birds and natural ecosystems.

Although there is a serious side to the counts, the main goal is to have fun. The Nicola Naturalist Society organizes the Merritt CBC. Groups of birders travel about within the designated count circle and record the species and numbers of all birds.

You don't have to be an expert to participate and it's a great way to learn about the local birds. FMI 378-8820 or www.nicola-naturalists.ca

My aunt died, God bless her, at a ripe old age of 104. We called her Aunt Tique.

Who Wants Him? A wife went to the police station with her next door neighbor to report that her husband was missing. The policeman asked for a description. She said, "He's 35 years old, 6 foot 4, has dark eyes, dark wavy hair, an athletic build, weighs 185 pounds, is soft-spoken, and is good to the children." The next-door neighbor protested, "Your husband is 5 foot 4, chubby, bald, has a big mouth, and is mean to your children." The wife replied, "Yes, but who wants HIM back?".
