Overdose alert

Interior Health is urging residents using or considering using drugs to reconsider or take steps to prevent overdose in the wake of a recent increase in drug overdose deaths in the IH region.

According to the BC Coroners Service, there were 7 suspected overdose deaths in IH from January 23-26. The exact causes of death will be confirmed by the BC Coroners Service once their investigations are complete.

Tips to help reduce the risk:

- Don't mix different drugs (including pharmaceutical medications, street drugs, and alcohol).
- Don't take drugs when you are alone. Leave door unlocked. Tell someone to check on you.
- Use less and pace yourself. Do testers to check strength – a small sample of a drug before taking your usual dosage.
- Keep an eye out for your friends – stay together and look out for each other.
- Carry a Naloxone kit and know how to use it. A list of locations to get a kit can be found on the Interior Health website or on the Toward the Heart website.
- Recognize the signs of an OD: slow or no breathing, gurgling or gasping, lips/fingertips turning blue, difficult to rouse (awaken), non-responsive.
- If someone thinks they may be having an overdose or is witnessing an overdose, follow the SAVE ME steps and call 9-1-1 immediately, do not delay.

What do you call a person in a tree with a briefcase? A branch manager!

Why don't aliens visit our solar system? Because of the terrible ratings...it only has 1 star.

I asked the waiter if the restaurant served steak raw... He said, "Yeah, but it's rare."

THIS WEEK'S HOROSCOPE

 <p>Aries March 21 - April 19</p> <p>This week, not only are you are about to see an explosion of creative potential but, as for your love life? Well that's hotting up, too!</p>	 <p>Taurus April 20 - May 20</p> <p>The cosmic signs are very favourable for you right now. These are auspicious circumstances for a person of distinction - you!</p>	 <p>Gemini May 21 - June 20</p> <p>Anything is possible, even having your cake and eating it too. With a little lateral thinking, you may be able to enjoy both.</p>	 <p>Cancer June 21 - July 22</p> <p>The Moon rules Cancer, so you know your powers are peaking. That all combines to make the Blue Moon eclipse a moment to share with someone close.</p>
 <p>Leo July 23 - Aug 22</p> <p>It's unlikely your heart will be unaffected, this week. Don't worry that your light will not shine or that your love will go unnoticed.</p>	 <p>Virgo Aug 23 - Sept 22</p> <p>You've been contemplating giving up on a dream. You might find that now, more success is closer than you ever could have hoped.</p>	 <p>Libra Sept 23 - Oct 22</p> <p>You run the risk of compromising your health & happiness. Everyone needs looking after. Don't feel guilty about taking the time you need to rest & recuperate.</p>	 <p>Scorpio Oct. 23 - Nov 21</p> <p>A particular emotional matter is on your mind: something that has proved difficult to solve in the past. Now you have every chance of sorting it out.</p>
 <p>Sagittarius Nov 22 - Dec 21</p> <p>You will be reinvigorated this week, and you will feel positive and clear-minded. This is how you can expect to remain for some weeks.</p>	 <p>Capricorn Dec 22 - Jan 19</p> <p>The Blue Moon will illuminate some truths for you. Yes there is a challenge, but also a terrific opportunity. Now you can, look ahead to a brighter future.</p>	 <p>Aquarius Jan 20 - Feb 18</p> <p>The Blue Moon augurs hope and happiness, support and fulfilment — as it is one of the most favourable omens you can receive.</p>	 <p>Pisces Feb 19 - Mar 20</p> <p>Although someone carries themselves with dignity and confidence, inside they're a ball of anxiety. Be as sensitive and understanding as you can.</p>
