Year of the Dog

Gǒu nián jí xiáng
(Good luck for the year of the dog)

The Lunar New Year is the most important holiday in the Chinese calendar, celebrated around the world. It's responsible for generating the largest annual human migration in the world, as hundreds of millions of people travel to spend the holiday with loved ones. This year the annual celebration begins on Feb. 16, and officially ends on Mar. 2.

Letter to the editor

**Do you know
about SOGI?**

...the perverted scheme to turn your child into a mess with regards to sexuality and gender identity...that is being taught in your schools now? if you don't check it out ...and then go to culture guard's web-site WHERE there is a form for parents to get filled out and return to the school principals so your child will be protected from this sick agenda!!! Do it now...before more damage can be done and let other parents know so they can also!!!

Our little child came home with notice that she will be taught SOGI. They have infiltrated it into every subject so that it is not just one class now. They are telling us we are not allowed to opt out. SORRY BUT YOU DON'T GET TO DECIDE THAT FOR OUR CHILDREN! BAN SEX-ED TEACHING IN SCHOOLS BY 'STRANGERS'!!! —*Debby Bennett*

[Editor: Sexual Orientation And Gender Identity SOGI is a term used by the BC Human Rights Code to describe an area of prohibited discrimination. It is an inclusive term that encompasses all individuals regardless of where they identify on the sexual orientation or gender identity spectrums, including lesbian, gay, bisexual, transgender, queer, two-spirit, heterosexual, and cisgender.

B.C.'s new curriculum includes a focus on valuing diversity and respecting differences, and the topics of human rights and responses to discrimination.

Teachers, schools and school districts may explore the B.C. Human Rights Code within those themes including, but not necessarily limited to, sexual orientation and gender identity.

19% of BC high school students identify as gay, lesbian, bisexual or not exclusively heterosexual. 1% of BC high school students identify as transgender and 5% of Aboriginal students identify as two-Spirit. In the past 12 months, lesbian, gay and bisexual youth were seven times more likely than heterosexual youth to attempt suicide (28% vs. 4%).]

**February is
Psychology
Month**

According to the Canadian Psychological Association physical activity — cardiovascular and resistance training — has several benefits for our mental health. Regular exercise boosts the chemicals in our body responsible for helping us relax, feel more pleasure and less pain, and reduce our stress level. Research also shows an increase in our self-esteem and how much we believe in ourselves to accomplish important goals. Those who exercise regularly are more likely to have stronger relationships with family and friends and a higher level of brain chemicals that make us feel happy and improve our memory.

Just let the lovely staff at the bottle depot know you want to donate your empties when you visit the bottle depot and they will take care of the rest.

Thank you to Merritt Return it.

Try to remember that, with the exception of your parents and your children, most people will consider you an adult.

A Wife's definition of retirement: Twice as much husband on half as much pay.

My wife thinks I put football before marriage, even though we just celebrated our third season together.

The world is divided into haves and have-nots: those who have a sense of humor and those who do not.

My husband and I married for better or worse... He couldn't do better and I couldn't do worse.
