**Mount Gottfriedsen
wildfire**
Pennask Lake/
Hatheume Lake area

A new wildfire discovered Monday north of the Okanagan Connector, has led TNRD to issue an Evacuation Alert covering a vast & remote area, incorporating all properties, camping areas, etc. north of Highway 97C including Pennask Lake (western boundary), Mellin Lake (northern boundary), Barton Lake (north-eastern boundary), Eileen Lake (south-eastern boundary).

By last evening, it was estimated to be 400 hectares in size.

**Letters to the editor
Professionals**

I am writing to express my thanks and my admiration to all those who engaged in the suppression of the sudden wildfire near Coultlee (pop. 5 people & 2 dogs) one week ago.

I called in the fire just before 5pm, not knowing that there was also a fire at the Coldwater Hotel.

A small fire truck arrived within minutes and saw that this was a major concern with the winds blowing towards the Merritt bench. The first to arrive by air were two helicopters who began filling their water buckets from Robert Hack's pond. It was wonderfully close, and their turnaround time was about four minutes.

Within the quarter hour "the big guys" from Conair BC arrived and assessed the situation and brought in the retardant bombers and the amazing "bird dog". It was like watching the Battle of Britain that I had witnessed as a kid in London 78 years ago.

So, I take my hat off to the Merritt Fire Department, the BC Wildfire Service, Conair BC, the two helicopter pilots, the ground crew who stuck around for three days. You are true professionals.

To all those readers who have only seen a wildfire on television, I must tell you that we have wonderful people protecting us in BC.

If I have missed out anyone, please forgive me. It all happened so quickly.
— Bob Holmes

Fire-Flood-Accident

You never know what can happen to suddenly turn your life upside down — Fire-Flood-Accident! But, one thing for sure, the wonderful people in Merritt will be there to help. So thank you.
— Ginny Prowal

Hydro used to trim trees

At one time Hydro would send out crews in the spring / summer and go along and trim trees too close to lines. Guess it cost too much money but then how much does a fire crew cost??
— Peg

Juniper House supportive housing opens soon

Juniper House, under construction for the past year at the edge of the downtown core, is an ASK Wellness initiative in partnership with BC Housing to provide a home with supports for those individuals living in the Nicola Valley who are looking for affordable and safe housing. The 27 suites will be filled with residents — assessed through a provincial tool for vulnerability and eligibility as directed by BC Housing — who are at risk of homelessness, active in their recovery, developmental disabled, looking for stability or seeking opportunities to be members of a community through volunteering or employment initiatives. The building consists of 19 studio suites, 8 one bedroom suites, and 1 live-in caretaker suite.

It was built with a Passive House Standard Design and relies on a super-insulated envelope to drastically reduce the need for heating and cooling, creating a fully self-sustaining building with much lower utility costs than ordinary construction. There are triple-pane windows, high-performance heat recovery and ventilation, and a virtually air-tight building envelope with a thermal bridge-free design.

ASK Wellness will hold an open house for supporters, neighbours & curious minds on Thurs Aug 23, 3-6pm at 2270 Quilchena Ave. Blessings, drumming, ribbon cutting, refreshments & guided tours.

Never interrupt someone working intently on a puzzle... Chances are, you'll hear some crosswords.
Yesterday, a clown held the door open for me... It was such a nice jester!
I can't see an end, I have no control and I don't think there's any escape — I don't even have a home anymore... Definitely time for a new keyboard...

GARAGE SALES - AUG 11 & 12

**Achieve a new goal
by taking action**

The famous writer C.S. Lewis said, "You are never too old to set another goal or to dream a new dream." If you've been suffering from muscle pain, struggling with weight management or wishing you were more fit and healthy there are evidence-based strategies available. Begin today by assessing where you are, choosing your destination and then charting out a course to achieve it. There will be distractions and setbacks but this is a part of life. If you have the right information, and the right support and determination, achieving your dreams is possible.
Katrina Bennett,
Registered Kinesiologist

**Celebration of Life
Dr. Jim Steffens**
