MERRITT MORNING MARKET

WORLD RADIO DAY EDITION — FEBRUARY 13, 2019 #3250
News, opinion, community events since 1996! Box 2199, Merritt, BC V1K 1B8
Tel: (250) 378-5717 Fax: (250) 378-2025 Email: market@uniserve.com

Snow survey & water supply

By early February, says the River Forecast Centre, nearly two-thirds of the snowpack has typically accumulated.

This year, as of Feb 1st, snow accumulation was 'typical' across most of the province, with the Nicola region slightly below normal, at 88% of normal. But snowpacks can still change significantly with two or more months of possible snow accumulation left.

The US Nat'l Weather Service has issued an El Niño watch and is forecasting a high likelihood of El Niño developing through the rest of this winter and continuing into the spring. Typically, El Niño is linked to warmer winters in BC, with a trend towards lower than normal snowpacks; but not always.

The River Forecast Centre will provide an updated seasonal flood risk forecast in the March 1st, 2019 bulletin, scheduled for release on March 8th.

Re: Original Sabbath, Jan. 23, 2019 Sabbath Roots

The Spanish word for the seventh day of the week, Saturday, is Sabado, the same word for "Sabbath." In fact, in many ancient and modern languages the seventh day of the week was named "Sabbath" or its linguistic equivalent. Here are a few examples. In Arabic: *Sabet*, Armenian: *Shabat*, Croatian: *Subota*, Czech: *Sobota*, Greek: *Savvato*, Hebrew: *Shabbat*, Italian: *Sabato*, Polish: *Sobota*, Romanian: *Sambata*, and in Russian: *Subbota*.

It is clear from the evidence of history that the idea of a "Sabbath" pre-existed the Greeks and the Romans as suggested by the article titled "The Original Sabbath". For the longest time in history, all other days were numbered and only the seventh day was called *Sabbath* or its linguistic equivalent.

In the Babylonian, Assyrian Euphrates & Tigris Valleys Mesopotamian languages that date to around 3800 B.C, all the days were numbered and only the seventh day was called *Shabbath* or *Sabatu*.

In Ancient Syriac and among the Nubians of North Africa, each day proceeds on, and belongs to the Sabbath. And so the first day of the week was day 1 to Sabbath followed by 2 to Sabbath until the seventh day which was called *Sabbath* in its linguistic equivalent.

If we are to follow the evidence and look back to the origins of the seventh day Sabbath. We will find ourselves in the book of Genesis, face to face with the idea of a creator God who created the world in 6 days and set apart the Seventh (Sabbath) as a day where he can be in community and communion with people. We will certainly find a God who is not interested in religious dogma but one who is relational and pragmatic.

The ancients might have exercised their religious rebellion or liberty by naming the other days of the week to their socially constructed deities. But there still remains a true Sabbath and we must make every effort to enter it, so that no one may fall by following the same pattern of disobedience.

— Thandazani Mhlanga

A blind man walks into a bar. And a table. And a chair.

I ate a clock yesterday, it was very time consuming.

As I suspected, someone has been adding soil to my garden. The plot thickens.

Community

Dancing latin & ballroom

It might be cold outside, but it's nice and warm inside the Love To Dance studio on Quilchena Ave. Beginners classes for ladies on Wed. nights 7:15pm. Lots of fun & laughter while learning how to salsa, waltz, cha cha, tango and merengue. FMI 250-378-9898, dance@telus.net
