## Rotary Merritt sponsors KVR Trail

The Rotary Club of Merritt will be a founding sponsor of a local Society to plan and develop the KVR *Rails to Trail*, from Merritt to Spences Bridge.

Rotary has been a part of developing cycling in the valley; with the Rotary Bike Park, and the Rotary Youth Park, and renovations to the bridge at the confluence of the Nicola & Coldwater rivers; enabling cyclists & hikers to cross safely.

The KVR *Rails to Trail* project — a non-motorized, multipurpose spur trail of the Trans Canada Trail — was a dream of Trails BC and the NV Explorers hiking club years ago, and it has recently been championed by a small group of outdoor enthusiasts as a tourism draw and for family hiking, running, cycling, X-C skiing, and equestrians.

“While the Rotary Club will not actually be doing the shovel work itself,” Rotary Merritt President Danica Vere said, “we will ensure that the public and the funding agencies know that we wholeheartedly support it, and will do our utmost to see that this worthwhile project comes to fruition”

The project also has the support of local TNRD Area Directors, as well as the personal support of Mayor Linda Brown.

If you are interested in becoming a founding member of the Society, email Darch [darchoborne@hotmail.com](mailto:darchoborne@hotmail.com) A founding meeting will be held in late June at the Best Western Plus.

## June snow warning

Last evening, Environment Canada issued a special weather statement for the Coq - Hope to Kamloops, and the Okanagan Connector - to Kelowna.

“Late season snow over highway passes overnight through Friday morning. A cold upper trough moving through BC will give some late season flurries to the mountain passes and northern BC overnight and Friday morning.

“Flurries are expected above 1300-1500m elevation, however flurries could briefly descend lower during periods of intense flurry activity. Most southern highway passes are forecast to receive about 2-5cm of wet snow overnight through Friday morning, with a locally higher amount up to 10cm possible over the Okanagan Connector.”

**Housecleaning** An employee went to see his supervisor. “Boss,” he said, “we’re doing some heavy housecleaning at home tomorrow, and my wife asked me for some help with the attic and the garage, moving and hauling stuff.” “We’re short-handed,” the boss replied. “I can’t give you the day off.” “Thank you,” said the employee. “I knew I could count on you!”
