Level 4 drought rating for Coldwater River

A Level 4 drought rating is being implemented for the Coldwater River watershed in response to extremely low stream conditions. It is the only watershed in the province with this rating.

All surface water and groundwater users, including residents, industry, farmers and municipalities, are being urged to voluntarily reduce water consumption by 50%.

With continued warm, dry weather in the forecast, stream flows are expected to continue to drop, reducing supply for water users and adding stress for fish.

Low water levels can impede the passage of fish, increase their susceptibility to disease, or cause stranding or death due to low oxygen and increased water temperatures.

Help prevent wild-fires this long wknd

With increasing temperatures and drier conditions in many parts of the province, British Columbians are urged to do everything they can to prevent wildfires on the BC Day long weekend and in the weeks ahead.

While wildfire activity so far this year has been relatively normal, the month of August is typically the most active part of BC's wildfire season. Human-caused fires are completely preventable and unnecessarily divert crucial firefighting resources from naturally occurring wildfires. From April 1 until noon on July 31, 2019, the BC Wildfire Service responded to 579 wildfires throughout the province, 58% of which were human-caused.

Congrats, Bobby!

Congratulations to local musician Bobby Garcia for making it into the Rockin' River Festival. But it's just Bobby's next step towards fame & fortune... And we'll be able to say we knew him 'before'!

Zooscapers In the zoo, a giraffe, talking to a buffalo says, "Yeah, I know. They can totally get out but they choose to hang around." A seal says to a walrus, "That's right. I've seen the big hairy one crawling under the bushes outside the gate." A woodchuck says to a prairie dog, "I saw it chew up all the grass. I think we might be related somehow. Maybe cousins." Opposite the animals, eating their lunch, one landscaper says to the other, "I wonder if they talk to each other?"

Drought rating on the Coldwater elevated just as Rockin' River Fest begins

The decision to elevate the Coldwater watershed to Drought Level 4 is due to conditions being extremely dry and stream flows approaching critical environmental flow thresholds for juvenile fish populations.

Adelphi says goodbye to Olleks

This week, Adelphi owners Jai & Suki Ollek passed the torch to new owner Garry Serko. And so the Olleks move into history along with past owners of the landmark hotel: Andrew Hoggan, G.B. Armstrong, Major C.S. Goldman, Bill & Bella Kraus, to name a few.

The Olleks bought the hotel in 1980, and over the years — with the good sense to book BCCMA Hall of Famer Gary Cooper & Cooper Country for an extended gig — they have developed it into the hub it is today.

In their renovations, they kept many of the hotel's historic features, though some have been covered up. "We've left it there in case anyone ever wants to go back. The original ceilings and everything are still in there."

The Olleks will be remembered for their traditional New Year's Day dinner and the community they've built, by generations of patrons.

Community Rockin' River Fest

It's here, along with the nearly 20,000 festival attendees (anticipated 70,000 over the 4-day weekend). 1500 free tickets were given out to locals for last evening's kick off.

Military Police National Motorcycle Relay supports blind children

Saturday morning 10:30am, come out & support a group of motorcyclists travelling through town on their way across the province to raise money for blind children. Merritt RCMP will escort the riders from Quilchena into town. Then riders will meet the community at the Legion.

Merritt Speedway

The Merritt Stock Car Assoc. hosts its *Albert Kosolofski Memorial Weekend*, Sat & Sun, time trials 4pm, racing 5pm, at the speedway 2255 Mamit Lake Branch Rd., at Shulus. FMI merrittspeedway.ca
