## Do we want to STOP the Nicola flooding? Or just band-aid it?

City Council allocating '\$1million' (and what could be up to \$3 million) of our city taxpayers' dollars toward 'flood mitigation' is absurd; and a virtual waste of our money, in my opinion. Unfortunately for us, its objective is 'mitigation' not 'CONTROL'.

The ONLY way that we can protect homes, both along the Nicola, as well as nearby ones, is to CONTROL the Nicola freshet flow; and the only way to do that is to utilize the dam, and the plenum of Nicola Lake — as was strongly recommended in the 2006 Urban Systems engineering report. NOT by 'seeing the most vulnerable section of Voght Street's elevation raised and the riverbank armoured with a rock wall' as Ms. Baker reports in the *Herald*. But, I am advised that by building walls higher and higher along the Nicola, we are just increasing the flow velocity in those areas; and greatly increasing the flooding risk of major and certain bank overflow in areas further downstream; ie at El Dorado MHPark and Quilchena Avenue. And there will be no riparian area for flora and fauna. Is that really what City Council wants to happen to our riverbank?

Many Councillors that I have discussed this issue with state that the dam is outside city boundaries. Sure it is; and that's why 'we' should do our utmost to get BC and Canada off the pot; firstly to protect the viability of our farmlands and irrigation; secondly, to protect the viability of the salmon stream, by reducing flooding and ensuring a viable summer flow rate. Those are both senior government responsibility; not the City's. And that would yield the desired benefit to the City of stopping the flooding of our friends' and neighbor's homes; at no cost to the city taxpayers — and without wasting millions of dollars on mitigation. The City must convince the 2 senior governments to step up to the plate; and save our homes — as well as 'their' fish and farmlands.

City Council, think ahead; don't waste this huge amount of money simply because it appears to be expedient in the short term. We need CONTROL, now; not mitigation. And there's only one way that the engineers say that can be accomplished. Let's put an end to flooding on the Nicola, and help our city, our ranchers, and our salmon; NOW.

— Darch Osborne, Merritt

## Rediscovering the Truth: Thoughts from Outside the Box

Howdy. I hope all is good. I've released a new book. The title is *Rediscovering the Truth: Thoughts from Outside the Box*. This manuscript was created at the request of those who read this column and the building blocks are the many articles I released through the *Merritt Morning Market*.

I'm waiting for a shipment of books to arrive in Merritt. It should be here soon. If you would like a copy, please email me at thinkingmanmike@gmail.com and I'll put one aside for you. \$19.95.

If you're unable to wait, the book is available online at [www.amazon.com](http://www.amazon.com). Search—Rediscovering the Truth: Thoughts from Outside the Box. The book has been out for several days and it currently sits at #1 in the category of "New Release in Modern Renaissance Philosophy". Due to shipping and handling expenses, this option will cost you a few dollars more.

Among many other ideas, *Rediscovering the Truth: Thoughts from Outside the Box* explores notions such as: \*The purpose of suffering. \*The obstacles that hinder happiness. \*The End-of-Days. \*Numerous cultures, long before Columbus, visited America. \*There's a large pyramid on almost every continent. \*Lies are sold as truth by those who rule. \*We live in the darkest of the Four Epochs.

Take a journey outside the box and break and rebuild popular thought.

Mike Banghu, Amazon best-selling author

#### More Halloween Q&As

How did the ghost repair his sheet? With a pumpkin patch.

When does a skeleton laugh? When something tickles his funny bone.

What's it like to be kissed by a vampire? It's a pain in the neck.

What do you get when you drop a pumpkin? Squash

What kind of monster do you have to look out for at the Laundromat? A washin' werewolf.

How do mummies hide? They wear masking tape.

#### Lynda's Cafe

## Thank you, Lynda

Thank you, Lynda, for your superior service we received during the past years. We are sad to see the doors close at this time & will miss your restaurant, food & the service you provided. Your staff — Heather, Lisa, Deb & Jackie — always went beyond the call of duty, and of course Doris for always stepping up to the plate when needed. Everyone's personality helped make our experience the best it could possibly be. The smiles & great atmosphere will be missed. And you, Lynda, you will for sure be missed. Good luck ahead.
