## Robert Arthur Turmel

July 27, 1943 – January 1, 2020

It is with great sadness that we announce the passing of Robert Turmel on January 1st, 2020, at the age of 76. He will be sadly missed by his loving wife of 56 years, Sydney, Brothers Roger and John, Sister Jeannette(Marv), Daughters Eva and Leona(Perry), Son Paul, and Granddaughters Kristina, Jessica and Katie. Also lovingly remembered by Brother-in-laws Stuart(Margaret) and Dennis(Sandy), and numerous nieces, nephews, cousins and friends.

Robert was born in St. Paul, Alberta, on July 27th, 1943 to Leon and Eva Turmel. His family moved to Merritt, BC in 1951, where Robert spent his school years. It is here that he met and married the love of his life, Sydney, in 1963. Robert spent the majority of his career working as an accountant in the forest industry. He loved to play a round of golf with his buddies, or throw a line in the water and wait for the fish to bite. He was a proud, private man who loved his family immensely.

Funeral Mass for Robert will be held at 11am, Saturday, January 11th at Sacred Heart Catholic Church in Merritt. Graveside service will follow, as well as a luncheon in the church hall.

## Nickels and Coupons

When the ideology that today governs the market and most constitutional and democratic governments was introduced, over a few decades back, its forefathers made a prediction. They forecasted their muse as producing the ideal conditions required for the people to finally live in true prosperity.

Well, their ideas have matured and something is missing. I write this because the majority of the people are not wealth-building. Instead, they're exhausting their bodies to put a roof over their head, to bring home the bread, and to access a line of credit so to survive until the next paycheque. Instead, the wealthy are wealth-building.

The dogma that governs the contemporary economy and government hasn't produced what was predicted. It isn't distributing wealth but concentrating it and exploiting those who actually generate it.

A concentration of wealth in the pockets of private interest has never been equally distributed, nor does it trickle-down as popular thought thinks it does. If it did, our wallets would be home to more than nickels and coupons, and there would be no need to exchange the entire day, every day, for the necessities required to live. It feels as if we're enslaved to a nine-to-five, and it feels as if there is no end. How can we possibly save enough to free ourselves when the cost to live never fails to go over budget? —Mike Bhangu, Amazon best-selling author

Johnny Knows Basic Arithmetic

The arithmetic teacher proposed the following to the class, "If there are three crows on a fence and one is shot, how many would be left?" After a short time, Little Johnny shouts out, "Two left." The teachers response, "I'm afraid you don't get the point. Let me repeat the joke. There were three crows on a fence and one is shot, how many would be left? Johnny replied again, "Two left." Teacher, "No, none would be left, because when one is shot, the other two would fly away." Johnny, "That's what I said, TWO LEFT!!!"

## Avalanche control will close Coq today

A section of the Coquihalla, here to Hope, will be closed from 11am-3pm today Wednesday, Jan. 8, to allow for proactive avalanche control.

Due to heavy snowfall over the last several weeks, avalanche control via helicopter is required from 11km south of the Great Bear Snowshed to 9km north of the Coquihalla summit. This will remove weak layers of snow and ice, and reduce the overall depth of the snowpack, providing continued safe travel for people using the Coquihalla.

The highway will be closed southbound in Merritt and northbound at Hope beginning at 11am, and closed northbound at Portia and southbound at Zopkios beginning at noon. It is expected to reopen by 3pm, but that could change, depending on weather.
