Heatwave alert for Nicola this week

A special weather statement has been issued by Env. Canada for the BC Interior. In our area, daytime maximum temperatures are forecast to be 5 to 10 degrees above seasonal. Wednesday through Sunday temperatures of 30°C are expected.

An upper ridge of high pressure will draw warm air northward from the United States. Overnight lows will also be up to 5 degrees warmer than seasonal in some areas.

Indigenous justice centres

A partnership between the Province and the BC First Nations Justice Council (BCFNJC) is creating Indigenous justice centres throughout the province, improving access to supports & helping individuals to navigate the justice system.

Indigenous justice centres have recently opened in Merritt, Prince George and Prince Rupert. Each centre offers unique supports tailored to the local community, including legal advice and representation for criminal and child protection matters; advocacy and support in dealing with police, Ministry of Children and Family Development, etc.; referrals to relevant agencies and services such as counselling or employment support; information towards better transitions from jail and integration into the community; and restorative justice options to better support and address the needs of those impacted by a crime.

"We work with Elders from every community, and we will rely on their guidance to address priorities such as working closely with Corrections Services to support transitions to home communities", said NV Community Justice Services Society president Brian Holmes.

The plan is to develop up to 15 centres over the coming years.

Community 'solar gardens' for LNIB

The Lower Nicola Indian Band will install solar photovoltaic panels on community and residential buildings, including the arena, firehall, health building, community centre, waterworks buildings and social housing rental buildings. The community solar gardens project will lower energy costs and greenhouse gas emissions, while creating a more resilient, sustainable future. The project is supported by nearly \$740,000 from the federal government and an additional \$246,000 from Lower Nicola Indian Band. In 2016, they installed a solar garden on the roof of the Band School.

What Day Is It? Over breakfast one morning, a woman said to her husband, "I'll bet you don't know what day this is." "Of course I do," he answered as if he was offended, and left for the office. At 10am, the doorbell rang and when the woman opened the door, she was handed a box of a dozen long stemmed red roses. At 1pm, a 2-lb box of chocolates was delivered. Later, a boutique delivered a designer dress. The woman couldn't wait for her husband to come home. "First the flowers, then chocolates, then the dress!" she exclaimed. "I've never had a more wonderful Groundhog Day in my life!"
