## Evacuation alert for Miller Estates & Canford

Last evening around 10:30, TNRD issued an evacuation alert for residents adjacent where two new fires are burning since yesterday, near Nooaitch. The Buck Ridge fire is estimated at .5 hectare. The Petit Creek fire at that time was estimated to be 100 hectares (doubling from 50 ha in just a couple hours). It is suspected to be human caused.

Residences on the north side of Hwy 8 from Canford to Miller Estates are now on alert, and asked to make preparations in case it becomes necessary to evacuate. Residents will be given as much advance notice as possible should evacuation be required; however, they may receive limited notice due to changing conditions.

### Other local wildfires

**Iron Mountain.** The BC Wildfire Service assisted with a wildfire burning on Iron Mountain on Saturday afternoon, along with Merritt Fire Rescue. The fire threatened structures, but was contained & extinguished. BCWS is investigating the cause.

**Coldwater** fire, discovered Thursday, grew to 3 hectares near where 50 hectares burned a couple weeks ago, near the Coldwater Reserve. It is now under control.

**Spahomin Creek**, near Douglas Lake, which was discovered Thursday as well, is now being held at 500 hectares.

## Freshet info

At last Thursday's virtual townhall meeting, City staff & Min. of Forest's flood safety engineer Sarah Simon outlined the conditions & their readiness for this year's freshet.

Though no one was willing to predict one way or the other, they say they feel more equipped to deal with whatever happens. In fact, info observed during the highest freshets in 1997, 2017, 2018 & 2020 is informing their planning — such as drawing off the water level on Nicola Lake as early as February; and understanding the maximum flows and how they affect the banks of the Nicola River through town. And of course, this year will be the first for the Voght St. corner project which elevated the road by 70cm to protect from flooding.

The snowpack that feeds into Nicola Lake was down to 108% of normal on Apr. 1st, compared to 119% on March 1st. And this March was the driest on record.

This past weekend with the warm weather (5°C above normal) marks the start of the snow melt. And the Coldwater River has already seen a rise in level, while the Nicola is expected to start rising this week.

The City promises to be concise & factual with their communications during this freshet season — but not overwhelming. Watch their social media channels for info.

Klassen, Annie Baek, AJ Bara Canadien, Alexia Clark, Janelle Gage, Layla Ledoux, Katie Klassen, Willow Littlejohn, Karianne Kroeker, Chatpimuk Rattanawthade, Coy Majors and Serena Sekhon. Until May 2, at the gallery Wednesday to Saturday 11-6pm, and Sunday 12-4pm. 2051 Voght St., next to Kekuli Cafe.

**My Child** I was dismayed this afternoon when my wife told me my 6-year-old son wasn't actually mine. She then said I need to pay more attention at school pick up.

**Batman asked Alfred to fill up the bathtub.** Alfred replied with, "Sir, what's the htub?"

**What did the pirate say on his 80th birthday?** Aye Matey.

**What's E.T. short for?** Because he's got little legs.

**How many bugs do you need to rent out an apartment?** Tenants.

## THIS WEEK'S HOROSCOPE

### Aries

March 21 - April 19

Whatever you think of yourself this week, know that someone very special holds you in high regard. It's your chance to gamble on showing the depth of your feelings.

### Taurus

April 20 - May 20

Reality is not so different to fantasies? It's right to seek the fulfillment of our brightest hopes, no? This week, as Mercury and the Sun enter your sign, a dream can come true.

### Gemini

May 21 - June 20

It's important this week, for you to make a conscious effort to think more highly of yourself. Your self-esteem deserves to be high... especially at a time when you can accomplish so much.

### Cancer

June 21 - July 22

With so much going on you can easily miss someone trying to get a message to you. This week, take time to notice someone who normally keeps in the background.

### Leo

July 23 - Aug 22

This week there's a possibility that you're focusing too much on something trivial. The cosmos brings welcome perspective. Concentrate, on getting your focus back.

### Virgo

Aug 23 - Sept 22

You've been dealing with an issue that's not as complicated as it appears to be. And, you don't need to be a rocket scientist to know what to do for the best. Just do what's right.

### Libra

Sept 23 - Oct 22

Someone has failed to see what you've been doing on their behalf. This week, if you explain why you've done what you've done, their appreciation will follow.

### Scorpio

Oct 23 - Nov 21

If you act now, you can escape to freedom. This chance won't last forever. But with courage, optimism and audacity, if you seize the moment, you can take a leap forward.

### Sagittarius

Nov 22 - Dec 21

You're facing a source of great frustration. But it is largely by a series of unlikely coincidences. To improve things all you have to do is wait for the wind to start blowing in a different direction.

### Capricorn

Dec 22 - Jan 19

This week brings reassurance about problems; real and imagined! You may need a subtle change of approach. But success awaits you.

### Aquarius

Jan 20 - Feb 18

A joyous emotional event this week sets the tone for some while to come. What really matters is that you, and the person you're thinking about, have the same goal in mind.

### Pisces

Feb 19 - Mar 20

There are no shortcuts to what you want to achieve. But you're much closer to it than you think. You'll find this week, that teamwork will be especially beneficial.
