Tel: (250) 378-5717 Fax: (250) 378-2025 Email: [market@uniserve.com](mailto:market@uniserve.com)

## Two arrested, several seriously injured

Wednesday, late morning, Merritt RCMP were on scene at a local motel near the hospital, where it was reported that multiple people were seriously injured.

The investigation is still unfolding and information has yet to be confirmed. As of Wednesday, there were 2 people in custody and police believe this incident to be targeted, with no further risk to the public.

Further details may be released as they become available.

## Missing woman may have been seen in Merritt area

The Mission RCMP responded to a report of a missing woman on July 9th. According to a close friend, Brittany Ledger Murray, aged 33, was last seen approx. 3 weeks prior in Mission.

There have been exhaustive avenues, tips & help from the public, but to date Murray has not been located. There are new indications she may have been seen in the Merritt area, as recently as Aug. 2.

If anyone has information that may lead to finding Murray, or a way to contact her, please advise the Mission RCMP or the BC Crime Stoppers.

## Wildfire activity will continue through Aug.

Seasonal and above-seasonal temperatures forecast for the second half of summer will sustain current wildfire activity, with new wildfire starts expected. During the past 7 days, there were 154 new fires. The majority of these – 121 – are being held, are out or are under control. Nearly three-quarters of these new fires – 112 – were caused by lightning.

As of Aug. 3, there were 91 active wildfires throughout the province. 6 are wildfires of note; 4 of the wildfires of note are located in the Kamloops Fire Centre and 2 are in the Southeast Fire Centre Region.

This year, 528 wildfires have burned a total of 22,000 hectares in BC.

## August 5, 1922 Plague of grasshoppers

"The rain has somewhat lessened the plague of grasshoppers which visited Merritt over the week-end, the like of which is not remembered by the oldest old-timers. The very sky appeared black with them. For three straight days it literally snowed grasshoppers — all apparently making for one direction, down the valley. The insects are enormous size, and fly with the rapidity of a bird, and after nearly a week the number is only lessened by a few odd millions, which do not count in a mass that is absolutely impossible to estimate in numbers. The side-walks, roads, and the sides of buildings have been thick with them. Vegetable gardens have been eaten into, one householder reporting great damage to cabbage, and the cut hay has been damaged very badly. Weather conditions are apparently the only control of the pest, although experiments are being undertaken in a small way. The much needed rain came too late. The insect has quite spoiled holiday enjoyment at Nicola Lake during the week, the fish being so "fed up" that they refuse to bite."

— [www.ashcroftcachecreekjournal.com/](http://www.ashcroftcachecreekjournal.com/)

**It's insane to me that monkey bars are allowed on playgrounds.** I mean the whole point is that there are kids there. Should we really be encouraging monkeys to drink in front of children?

What two words have the most letters? Post office.

## Merritt will host volleyball provincials

Merritt Secondary School has won the bid to host the 2022 AA Girls Volleyball Provincial Championships, that will take place in December of 2022. Organizers are very excited and grateful for this opportunity, and look forward to creating an event that the whole community can own and be a part of!

They are currently seeking sponsorship to fund the various needs this top-notch event will require such as: game balls, equipment, referees, venue fees, etc. They are hoping businesses & organizations will consider partnering with them to be a part of this amazing event and make a profound impact on these local young athletes.

FMI, please contact Nicole Mackay-Smith: [nmackaysmith@365.sd58.bc.ca](mailto:nmackaysmith@365.sd58.bc.ca)

## Community

### Seniors stretch & strengthen classes
