## Fatal crash on Coq

Just after 6am Monday, in the south-bound lanes of Hwy 5 near Comstock, a slow-moving commercial transport truck was rear-ended by a second commercial transport truck that subsequently caught fire, as well as the grass median between the northbound and southbound lanes.

The driver of the slower-moving transport truck, from Edmonton, was not injured in the crash.

The driver of the second transport truck, from Winnipeg, was trapped and died as a result of the collision. The co-driver in the second transport truck, also from Winnipeg, extricated himself from the cab but not before sustaining serious, life-threatening injuries.

Hwy 5 was closed in both directions for about 2 hours due to the intensity of the fire, which completely consumed the second transport truck. Access to the scene for investigation was hampered due to the fire re-igniting. The Merritt Fire Department and BC Wildfire Service were onsite to monitor the fire.

The fire didn't spread beyond its boundaries and the northbound lanes were later opened while the southbound lanes remained closed most of the day as police investigated and crews removed debris from the crash.

The cause of the crash remains under investigation. Anyone with info regarding this collision, including dashboard camera video, is asked to contact BC Highway Patrol Merritt at 250-378-4262, file 2022-4023.

## Modern, mobile training units for NVIT

The B.C. government is providing Nicola Valley Institute of Technology (NVIT) \$3.4 million for the purchase of three modern, innovative and fully equipped mobile training units that offer the latest in health-care and information technology, including simulators, beds, computer workstations and multi-media equipment.

"As B.C.'s only Indigenous-led public post-secondary institution, founded by the five First Nations of the Nicola Valley and fully governed by a First Nations board of governors, NVIT has a mandate to provide post-secondary education and support services to Indigenous students across British Columbia," said Ken Tourand, president, NVIT. "These three new mobile training units allow NVIT to expand our ability to service rural and Indigenous communities throughout B.C. with computer and health-care training."

NVIT has seen increased demand for delivery of information technology (IT) and health-related programming in Indigenous communities. The new mobile training units will deliver programs that lead to careers as health-care assistants and licensed practical nurses, and careers in information technology.

## Ultralight crash

Yesterday morning, about 10:30am, an ultralight pilot sustained injuries and was taken by air ambulance to RIH after his aircraft crashed into the Provincial Wildfire Training Centre on Airport Rd. Some damage was sustained to the building.

Merritt RCMP & Transport Canada, are investigating.

At the weekends, I like to play chess with elderly men in the park... But it's becoming increasingly harder to find exactly 32 of them...

People think the word icy is easy to spell. Come to think of it, I see why.

What do you get when you mix alcohol and literature? Tequila mockingbird.

What's the opposite of a sycamore? A wellaless.

I've reached the age where my train of thought often leaves the station without me.

Did you hear about the guy that planted a light bulb and thought he'd get a power plant?

What is more than forever? five-ever.

How many does it take lightbulbs to screw in a dyslexic?
