Municipal election 2022 - for Council Melvina White

It has been an honour and a privilege to have served the community of Merritt as a City Councillor for the past 4 years. Serving as a councillor has provided me with many opportunities to meet and work with so many good people who believe in our city and are doing what they can to create a positive environment in Merritt.

One of my greatest visions for Merritt and the surrounding Nicola Valley is to diversify our economy by building our tourism sector. Over the past 4 years I have worked with many stakeholders, businesses and community organizations who hold this vision with me.

I have proven over my term as Councillor, I am a passionate supporter of initiatives that strategically build our community's well-being. This includes strategically planning and addressing our homeless crisis for affordable housing as well as creating a vibrant and thriving downtown through community consultation and participation. The 286-exit development will have a huge impact on our downtown and it is imperative that immediate action be taken to review this development to determine how best to revitalize and protect our historic downtown.

There are many areas in our community that need attention. I will listen and continue to work hard for positive changes that need to happen at the same time staying true to my core values. I will work hard to find better approaches to meaningfully engage the whole community, from the very beginning of any process that might result in significant community change.

Although we still face some big challenges from fires and floods. I believe wholeheartedly that positive things are happening in Merritt, and with patience, hard work and working together will lead to our community's success.

When re-elected, I will work just as hard for my non supporters as I will for my supporters.

"Coming together is a beginning; Keeping together is progress; Working together is success." — Henry Ford.

I child-proofed my house, but the kids still get in.
There's no way that EVERYBODY was kung fu fighting.

My wife said I never listen to her, or something like that.

Linus not Rupert

You know... when you say one thing, but really mean another — well, it happens to me all the time!

I said Rupert Heyes, but of course I meant Linus Heyes... Linus is the model & he is Linus Heyes is on YouTube, Linus Haze on Spotify. Sorry, boys. —KL
