Letters

I'd like to express my thanks publicly

I would like to thank the citizens of Merritt for the opportunity to have served on Council for the past ten years. I am proud that this Council has laid the groundwork for future development. The next Council has a strong foundation on which to guide growth in Merritt, not just for the next four years, but for many years to come.

I would like to thank my fellow councillors that managed to stay the course through some very difficult situations. As individual councillors, we didn't always see eye to eye, but, as a council, we were able to work through those differences to make the best decisions we could for the citizens of Merritt. Having different points of view is a strength that better represents the needs of our community. You have my deepest gratitude.

I would like to thank Mayor Brown for having the courage and stamina to keep to a clear vision for Merritt. I am confident that your role in leading this council will be recognized in the years to come. You, too, stayed the course. You did not falter in the face of adversity and personal attacks. You have my heartfelt admiration and thanks.

Many, many thanks to Sean Smith, our truly remarkable CAO. Also, to our incredible administrative team (including those who have been enticed away), and to our wonderful staff, thank you. You rose to the occasion so many times. You got us through an incredible catastrophe at great personal cost. You are truly heroes. I thank you from the bottom of my heart. A special thank you to Greg Lewis. Your videography is spectacular.

My wish for the next Council is that they are able to listen respectfully to other points of view and then make wise decisions. I wish them the very best in their deliberations. — Kurt Christopherson, retired city councillor

Thanks for the reception in the stunning community of Merritt

It was an honour to be invited to your community and share a few stories from our trek across Canada on the Trans Canada Trail.

Our presentations were warmly received by the community, local groups, businesses and lots of interested attendees. We were fortunate to spend two days in Nicola Valley and Merritt exploring the region and visiting some of the stunning Important Bird Areas in the region including the beautiful Nicola Lake. During our time here we were treated amazingly by everyone we met and were enthralled by the dedication of local naturalists and teachers to get locals and regional youth into nature. I have to honestly say that in our travels across Canada that Merritt stands out as a beautiful area with amazing untapped potential as one of BC's unrecognized birding hot spots and outdoors travel destinations. We have offered our help in the future and hope to work more with local tourist groups, businesses, educators and the public library to expand up on the terrific Birding Backpack program that the library offers and engagement possibilities for youth that are possible in such a terrific community.

Thank you kindly for your kind article and for promoting local initiatives. The natural wonders of Nicola-Valley make this a very attractive area for birding in the future, I hope your publication works to continue to remind the local residents how fortunate they are to live in this great Canadian gem! Regards and thank you for your hospitality. — Dr. Sonya Richmond, Come Walk With Us

So what if I don't know what apocalypse means? It's not the end of the world.

Where do bad rainbows go? Prism. It is just a light sentence.

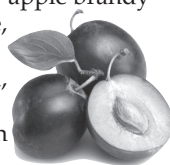

I only seem to get sick on weekdays. I must have a weekend immune system.

What do you call a magician who loses his magic? Ian.

How do you tell the difference between an alligator and a crocodile? You will see one later and one in a while.
