A fourth bus to be added to the fleet

At this week's meeting, City Council voted to add a fourth bus to Merritt's transit system. This comes at the request of BC Transit, after evaluating our system. In their proposal for a fourth bus, they said: "BC Transit recognizes that the Merritt Transit fleet is in critical condition and is managing fleet assets to rapidly improve operational stability."

They proposed adding a bus, as we have "too few buses to maintain a consistent and operationally reliable service, which includes approximately 7003 revenue service hours. Maintenance and repair requirements for the vehicles have resulted in cancelled service." The additional bus should help in our vehicle rotation to lessen maintenance down-time.

In fact, there have been several cancelled routes this past year due to bus maintenance issues. This fall, there was one day that all 3 buses were down. BC Transit says the buses are aging and being over-used and wearing out quicker than they should.

And with 3 additional bus stops to the routes, this means additional wear and tear on the vehicles.

The additional cost will be \$35,822 to what we pay for 3 buses, for a total proposed four vehicle fleet cost of \$191,200.

Mayor Goetz noted that often during UBCM meetings on transit, Merritt is cited for its ridership. "We often get kudos for how well our transit system is used. I believe Merritt has 85,000 rides per year." He said that Merritt is often upheld as how a transit system should work, with many more hours of service and higher ridership than other similar-sized communities — Kimberly, Revelstoke, Creston, Clearwater.

He also congratulated residents of Nicola Meadows, who advocated to be added to a bus route. As an additional bus is added, other adjustments to routes could be made.

Webcam at Logan Lk exit 1 of 16 new cams

Sixteen new cameras and 33 new views were added to the DriveBC webcam network in 2022. Each year, DriveBC adds new cameras to its network to help drivers plan trips, especially during winter. There are now 486 cameras delivering 985 real-time views of road conditions at strategic locations throughout the province. Webcam locations are based on needs identified by residents, contractors or weather experts.

In our area, the new webcam is on Hwy 5 at Exit 366 Logan Lake and Lac le Jeune Road (Hwy 97D). It provides views in 4 directions at that location.
