Please recycle

And it will remain... 'Aberdeen Road'

TNRD & Ministry of Transportation and Infrastructure are in joint support of feedback from residents in Lower Nicola to have the main road named *Aberdeen Road* instead of *Aberdeen Mine Road*.

Residents directly impacted by this change will receive letters to notify them of the formal address change in the coming weeks. (And they will have to re-send address changes to all the same people they just finished sending address changes to!) Emergency service providers have already been made aware of this change.

Min of Transp. staff will now begin formalizing the name as *Aberdeen Road*, including re-establishing road signage.

'Aberdeen Mine Road' signage was installed in order to resolve previous geographic information issues and match the Province of BC's historical records.

Following the road signage change, concerns were raised within the community. Last month, TNRD consulted residents, and those who live on the road overwhelmingly supported maintaining the name as *Aberdeen Road*.

Coldwater River TMX crossing

Trenchless construction is being used by Trans Mountain, to cross under the Coldwater River near Coldwater Rd & Veale Rd, as well as near Coldwater Rd & Patchett Rd adjacent to Highway 5.

There are several trenchless techniques that can be used, depending on geotechnical conditions, topography, available working space and length of the crossing. Temporary worksites may be established on either side of the crossing and often include the laydown of access mats, staking, and flagging of the work area in addition to the installation of temporary infrastructure, equipment, and establishment of entry and exit pits.

Work south of town is occurring 7 days per week, 7am-7pm. Noise will be generated from pneumatic hammering, sheet piling, heavy equipment and construction activities.

Public Health Week

For the first time, BC is proclaiming April 3-7 *Public Health Week*. It recognizes and acknowledges the dedication and contribution of all public-health professionals in BC who have worked tirelessly to support people and communities in achieving their best health and well-being through what have been some of the most challenging years in the province's history.

"I also recognize Dr. Bonnie Henry, B.C.'s provincial health officer, her team and the BC Centre for Disease Control for their continued leadership and guidance, said Minister of Health Adrian Dix.

"The recent years have brought multiple public-health crises, including the COVID-19 pandemic, toxic drugs and climate emergencies.

"Through actions like health promotion, health protection, prevention of disease and injury, population health assessment and surveillance, and public-health emergency management, our public-health professionals have been there for people, working selflessly on the front lines of many public-health emergencies.

"On behalf of the provincial government, I thank each and every public-health professional in British Columbia for their contribution to helping keep people in our province safe. Thank you."

A computer once beat me at chess... but it was no match for me at kickboxing!

Heart Murmur Morris, an 82 year-old man, went to the doctor to get a physical. A few days later, the doctor saw Morris walking down the street with a gorgeous young woman on his arm. A couple of days later, the doctor spoke to Morris and said, "You're really doing great, aren't you?" Morris replied, "Just doing what you said, Doc... 'Get a hot mamma and be cheerful.'" The doctor replied, "I didn't say that. I said, 'You've got a heart murmur, be careful.'"

Easter Service Murray Church, Nicola

Sunday, April 9th at 10:30am. All are welcome.

Community Alzheimer Soc. family caregiver series

A dementia education series for people caring for someone living with dementia. Learn more about dementia, communication and behaviour.
