Voyent Alert! for ER closure overnight

At 6pm last evening, Interior Health issued a notification that emergency services would be unavailable from 6pm (on Thursday, July 4) until 7am this morning Friday, July 5. The closure was due to limited nursing availability.

A Voyent Alert! was issued by the City of Merritt to local subscribers at 7pm.

The STUWI(x) Naturalization Project

The City of Merritt's Flood Mitigation Team has successfully secured funding to revitalize the lands at the end of Pine Street. This funding will support the permanent establishment of the natural river channel at the confluence of the Coldwater and Nicola Rivers.

The project will use the Canada Infrastructure Program (ICIP) Green Infrastructure – Adaptation, Resilience, and Disaster Mitigation (Green ARDM) grant stream.

The properties on the site are being purchased from the landowners with funds provided by the Green ARDM grant. The Flood Mitigation Department is engaging local Rightsholders and stakeholders through a Steering Committee to guide the naturalization project. The draft Terms of Reference (TOR) for this committee will be finalized collaboratively.

The project entails: Removal of all infrastructure from the properties; adherence to the project budget; obtaining necessary permits; removal of the temporary dike along the Coldwater River; ensuring the final land use allows public access; ideally, the site will not include any permanent buildings — a total naturalization of the 7 hectares.

Naturalization of the site will increase biodiversity in the area, decrease overland flood risk both upstream and downstream, and decrease ice jam stress points.

This project is an important piece of the 2023 Flood Mitigation Plan that will further assist with safeguarding our community.

The budget for this project is \$6.1 million, which will be provincially and federally funded. Part of the budget is the purchase of high-risk flooded properties.

This is a joint project between the City of Merritt and 6 Nicola Valley Indigenous Communities.

The full Flood Mitigation Plan is estimated to cost \$109 million to complete.

What do you call a detective that accidentally solves crimes? Sheer luck Holmes

Back in the 70's I rented a powder blue tux and went to prom alone. I guess I'm dating myself

Speeding A motorist is speeding down the road when he is pulled over. The officer tells him, "Sir do you realize how fast you were going?" The motorist replies, "Yeah I know, but I have to go." The cop interrupts him, "Not so fast. You're going to have to wait for the chief to get back in a few hours." The cop immediately takes the man to jail. After a few hours the cop tells the man, "You're lucky, the chief is on his way back from his daughter's wedding, he'll be in a good mood." The man replies, "I doubt it." The cop snaps back, "Why do you say that?" The man replies, "I'm the groom!"
