City proposes budget cuts to RCMP

The City of Merritt is in the second year of a twoyear plan to restock its reserves as it builds back from the 2021 floods. year, residents faced a 12.5% tax increase, with the current 2025 probudposed get expected to come in 8-12%. Coun-

[Editor: Wonderful to see Michael Reeve continue to cover Merritt stories. His move from Q101 radio to CFJC tv a few years ago put him in the spotlight, and with even better-honed news story skills. He's in the big leagues, now! -KL]

cil's plan is to then drop to more manageable increases in 2026 once the city's reserves return to a safe level.

Getting to that figure [8% tax increase] could mean potential service cuts, including to the RCMP.

The proposed cut is to drop from 17 positions to 15, with the mayor noting the RCMP has struggled to fill all the positions within the detachment.

The commander of the Merritt detachment, Staff Sgt. Josh Roda, however, is sounding the alarm on potential cuts as the detachment reports a five-year high in the number of files in 2024

"I think the community just needs to know the facts before they support or don't support a decision. And at the end of the day, this is mayor and council's decision to make and I think they need the facts to make the decision. Part of that is knowing that if you decrease to 15 (members), there is a strong likelihood you will lose 24-hour policing in Merritt," Roda

The current proposal is just one of many in front of council with [Mayor] Goetz stating it may not be the only bold idea coming soon. City council is required to finalize its 2025 budget before May 15, 2025.

Dear Customer Service, Last year I upgraded from Boyfriend 5.0 to Husband 1.0 and noticed a slowdown in the performance of the flower and jewelry applications that had operated flawlessly under the Boyfriend 5.0 system. In addition, Husband 1.0 uninstalled many other valuable programs, such as Romance 9.9, and installed undesirable programs such as NFL 7.4, NBA 3.2 and NHL 4.1. Conversation 8.0 also no longer runs, and Housecleaning 2.6 simply crashes the system. I've tried running Nagging 5.3 to fix these problems, but to no avail. What can I do? Signed, Desperate
