## Water quality alert for Nicola Lake

Yesterday, the Upper Nicola Band issued a water quality alert — blue/green algae advisory — for Nicola Lake.

They warn to avoid all contact, and if you do come in contact, to wash off as soon as possible with tap water. They recommend no swimming & don't allow pets to swim in any areas where algae are visible. For livestock, if algae scum is floating on the water, block access to the affected water & provide another water source for them to drink from.

Weather and wind conditions can cause algae bloom to move from one location to another, making testing in specific locations difficult. Instead, assume that any visible bloom is toxic & follow the recommendations.

## Single vehicle crash causes wildfire

Merritt RCMP were called to the north end of Nicola Lake on Sunday with a report of a single-vehicle crash.

“Initial reports to police indicated that the vehicle had caught fire and was igniting the surrounding bush near the shoulder of the road,” said RCMP Const. Blake Chursinoff.

The driver said he swerved to miss a fox, then drove into the ditch.

“When the vehicle hit the ditch, a fire started within the vehicle and spread to the nearby bush, starting a small wildfire,” Chursinoff said. “Further into the investigation, the driver of the vehicle was suspected to have been driving while impaired by liquor.”

Chursinoff said the driver refused to provide a breath sample, leading to an automatic driving prohibition.

“There is zero leniency with driving while impaired,” he said.

“We are grateful for our partners with BC Wildfire for their swift action in containing the blaze and the public who stayed on scene and were able to provide key information to the officers for their investigation.”

The driver will be prohibited from driving for 90 days, and their vehicle will be impounded for 30 days.

Chursinoff said the driver is not being investigated in connection with the ignition of the blaze.

## Survey to determine content of free mental health training

The Canadian Red Cross has provided Canadian Mental Health Association Kamloops Branch with grant funding for mental health and psychosocial support to those impacted by the 2021 BC floods — specifically for Merritt.

CMHA Kamloops will deliver targeted mental health support to individuals and families, enhancing local capacity for crisis intervention, including trauma-informed services such as crisis counselling, peer support, resilience-building workshops, and community outreach to engage underserved areas.

They are conducting a community needs assessment to determine demand and what type of courses and programming would be most relevant — with the recognition that the trauma experienced in the region in recent years is not only due to the flood of 2021, but also from wildfires across the Southern Interior.

Find the survey link on the Canadian Mental Health Association Kamloops Branch's facebook page. The project is for everyone. There are no right or wrong answers, and nothing you say in your answers will limit your ability to access services through this program.
